

DAS 3 PRESENTATION

Hanna Wells

November 6th, 2024

Stephanie L. Allen, RN, 620556

Date of Occurrence: 09/22/17

Date of action against license:
08/02/18

Action taken: Voluntary Surrender

Allen failed to timely assess, intervene, stabilize and document patient, which led to patient health declination.

- Failed to call rapid team
- Failed to assess/document when patient was pulseless
- Did not initiate CPR
- Did not verify that patient was NOT a DNR

Preventative Measures:

- Verify resuscitation orders
- Timely assess/ intervene
- Accurately document
- Perform CPR when necessary

Universal Competencies Breached:

- Documentation
- Professional Behavior
- Critical Thinking
- Safety and Security (physical)
- Human Caring

What would I have done?

If I were the nurse who noticed the patient had declining vitals I would have immediately called the rapid response team and began CPR. I would checked beforehand whether or not the patient was DNR, so that I would know how to appropriately respond if/when the patient crashed while I was on shift.
