

Instructional Module 1 HESI Assignments

Learning Objective: To provide IM1 students opportunities to enhance nursing judgment connecting theory to practice using Evidence Based Practice learning materials.

Instructions: Students must complete the weekly HESI learning activities as outlined in the table below in accordance with the due dates specified.

Due Dates: HESI assignments are due on Monday by midnight on Weeks 2, 3, 4, 5, 6, and 7 (SEE COURSE CALENDAR). Failure to complete each weekly assignment by the specified date/time will result in a zero (0) in the Gradebook.

Grading Criteria: You must achieve an average score of 80% on each HESI assignment listed for the week to meet the IM1 course requirement. The HESI assignments count as 5% your overall course grade.

Please contact **Ms. McAdams** should you have any questions regarding HESI. **(806) 789-2550**
