Becoming a nurse for me is simply not a job or career for me but a calling.
I want to be a nurse because I have a deep passion for helping others and making a positive impact on people's lives. Nursing allows me to combine my compassion with my interest in healthcare, providing care and support to those in need during some of peoples most vulnerable moments. The nursing field offers continuous opportunities for learning and growth, allowing me to develop my skills and knowledge while contributing to the well-being of my community.
