Instructional Module 6: Obstetrics Community Clinical Experience

Community Site: Dr. David Blann

1. What did you observe during the day? Were there any specific procedures that were able to participate in or observe?

I saw multiple vaginal exams. I was able to use the doppler on many moms to hear the baby's heart beat.

2. What was the best/most interesting part of the experience?

I loved finding the baby's heart beat. it made it surreal!

3. Is a community nursing position something that you would consider working in? Why or why not?

I actually loved this place. I enjoyed what they do there and the teamwork they had. Yes! I would consider this.

4. Do you feel like this community site met the needs of the population they serve? Why or why not?

Yes! The dr was not in and the nurse stepped up to answer all of the pt's questions.

5. Did you witness patient teaching? What general things were taught to this population? Do you feel that patient teaching in this community site was adequate? Why or why not?

Yes. many pt teachings were about what form of Birth control they wanted afterwards. Yes. many moms were on their 5th or 10th kid and did not want more.

6. Provide examples of care describing *one or more* of the IM6 Student Learning Outcomes.

IM6 Student Learning Outcomes				
Safety & Quality	Clinical Judgment	Patient Centered Care	Professionalism	Communication & Collaboration
<i>Formulate a plan of care for the childbearing family, and the patient with mental health disorders using evidence-based practice, safety, and quality principles.</i>	<i>Demonstrate clinical judgment using evidence-based data in making clinical decisions for the childbearing family, and the patient with mental health disorders.</i>	<i>Demonstrate family centered care based on the needs of the childbearing family, and the patient with mental health disorders.</i>	<i>Relate knowledge, skills, and attitudes required of the professional nurse by advocating and providing care to the childbearing families, and the patient with mental health disorders.</i>	<i>Communicate and collaborate effectively with patients, family, and members of the interdisciplinary team in the childbearing family, and the patient with mental health disorders.</i>

Safety & Quality:

Clinical Judgment:

Patient Centered Care:

Professionalism: I presented myself to all pts and their husbands. I asked the mom's if it was okay if I was in the room and did an assessment.

Communication & Collaboration:
