

6. Provide examples of care describing *one or more* of the IM6 Student Learning Outcomes.

| IM6 Student Learning Outcomes | | | | |
|---|---|---|---|--|
| Safety & Quality | Clinical Judgment | Patient Centered Care | Professionalism | Communication & Collaboration |
| Formulate a plan of care for the childbearing family, and the patient with mental health disorders using evidence-based practice, safety, and quality principles. | Demonstrate clinical judgment using evidence-based data in making clinical decisions for the childbearing family, and the patient with mental health disorders. | Demonstrate family centered care based on the needs of the childbearing family, and the patient with mental health disorders. | Relate knowledge, skills, and attitudes required of the professional nurse by advocating and providing care to the childbearing families, and the patient with mental health disorders. | Communicate and collaborate effectively with patients, family, and members of the interdisciplinary team in the childbearing family, and the patient with mental health disorders. |

Safety & Quality: I practiced safety by properly administering meds even though there was a lot going on.

Clinical Judgment:
The pt was in tachysystole & the fetal HR monitor showed late decels, I used my clinical judgement to stop the oxytocin & perform the 4 turns.

Patient Centered Care:
I went & got the patient a glass of water.

Professionalism:

Communication & Collaboration:
