	URGENT	NOT URGENT
IMP ORT ANT	Urgent & Important DO Monitor FHR Monitor contractions MOMS VS	Not Urgent but Important PLAN Be prepared for IUR Left lateral Cervical exam Involve husband
NOT IMP ORT ANT	Urgent but Not Important DELEGATE Get mom warm blanket get mom ice chips Personalize environment to moms liking	Not Urgent and Not Important ELIMINATE Anything that will waste our time & won't benefit mom or baby.

**Education Topics & Patient Response:**

Mom asked if baby was okay, we showed her how to read the strips on the screen

Pt felt relieved after she asked if the catheter would hurt when placed, but we told her she wouldn't feel it due to her epidural

Medication education, mom felt reassured and knew exactly what was going on.

Complete this during your labor and delivery experience and turn it in with your paperwork. Ask your instructor or TPC nurse to check over your findings
