

## Instructional Module 1 ATI Assignments

**Learning Objective:** To provide IM1 students opportunities to enhance nursing judgment connecting theory to practice using Evidence Based Practice learning materials.

**Instructions:** Students must complete the weekly ATI learning activities as outlined in the ATI Assignment Calendar and the table below.

**Due Dates:** ATI assignments are due on Monday by midnight on Weeks 2, 3, 4, 5, 6, 7, and 8 (SEE COURSE CALENDAR and ATI Calendar). Failure to complete each weekly assignment by the specified date/time will result in a zero (0) in the Gradebook. **Please Note: The ATI calendar sets midnight as 12:00 AM on the following Tuesday. Therefore, assignments show up on the calendar on Tuesdays. Assignments are due and will close at midnight MONDAY night.**

**Grading Criteria:** *You must achieve a score of 80% on each ATI test or quiz listed to meet the IM1 course requirement. Lesson assignments require evidence of time spent and interaction with any questions, prompts, etc. contained in the lesson.* All post-lesson quizzes must achieve a score of 80% or show completion as detailed above to receive weekly credit for ATI. Students are **not required to complete EHR documentation embedded in the lessons until the week of the IM1 Documentation Lecture.** From the week of the IM1 Documentation Lecture until the end of IM1, each EHR activity in ATI lessons must be completed. **The ATI assignments count as 5% of your overall course grade.**

**If a student sees a discrepancy between the instructor's reported grade and ATI completion, they must provide evidence via their student ATI transcript.**

For questions pertaining to ATI, visit [atitesting.com](http://atitesting.com) to use the **chat function** in the bottom right corner of screen or call **1-800-667-7531** M-F 0600-2100 and Saturday 0800-1200. If unable to get help from ATI, contact **Mrs. Wolfe (806) 577-9583.**
