KNOWLEDGE CHECK

1. What is the first action for late decels?
2. What intervention should be stopped during IUR?
3. Why is maternal repositioning important during IUR?

The background is a light-colored, textured paper with various watercolor-style illustrations. There are several large, soft-edged shapes in shades of orange, pink, and yellow. A blue squiggly line is visible in the upper right. On the left, there are some brownish-orange spots and a blue wavy shape. On the right, there are orange lines radiating from a point and a blue spiral shape at the bottom right. The overall style is whimsical and hand-drawn.
