

Student Name Katelyn Bowman

Date: 09/24/25

**Instructional Module 6: Obstetrics Community Clinical Experience**

Community Site: Parkridge Pregnancy Center

1. What did you observe during the day? Were there any specific procedures that were able to participate in or observe?

- Ultrasound
- Uninanalysis
- pregnancy test - I got to run it
- STI testing (rapid finger stick) HIV + Syphilis

2. What was the best/most interesting part of the experience?

The best part of this experience for me was seeing how many resources they provide for each patient. I feel like you do not see that in the hospital setting as much. They were also very welcoming & provided me with as much education as possible.

3. Is a community nursing position something that you would consider working in? Why or why not?

- Maybe in the future. I would like to gain hospital experience to have a better foundation to be able to educate/advocate for my patients. The schedule would be nice for future and serving pts in this setting would be very rewarding.

4. Do you feel like this community site met the needs of the population they serve? Why or why not?

- yes. They have a very open schedule to be able to serve pts as they need. They also provide a wide variety of community resources based on pts needs. There are designated people here to advocate / council patients as well.

5. Did you witness patient teaching? What general things were taught to this population? Do you feel that patient teaching in this community site was adequate? Why or why not?

- a lot of teaching on getting a regular OB/GYN to provide follow up care.
- teaching about ~~regular~~ community resources available + medicaid.
- teaching about pregnancy and what to expect from this point forward.

6. Provide examples of care describing *one or more* of the IM6 Student Learning Outcomes.

IM6 Student Learning Outcomes				
Safety & Quality	Clinical Judgment	Patient Centered Care	Professionalism	Communication & Collaboration
<i>Formulate a plan of care for the childbearing family, and the patient with mental health disorders using evidence-based practice, safety, and quality principles.</i>	<i>Demonstrate clinical judgment using evidence-based data in making clinical decisions for the childbearing family, and the patient with mental health disorders.</i>	<i>Demonstrate family centered care based on the needs of the childbearing family, and the patient with mental health disorders.</i>	<i>Relate knowledge, skills, and attitudes required of the professional nurse by advocating and providing care to the childbearing families, and the patient with mental health disorders.</i>	<i>Communicate and collaborate effectively with patients, family, and members of the interdisciplinary team in the childbearing family, and the patient with mental health disorders.</i>

**Safety & Quality:**

**Clinical Judgment:**

**Patient Centered Care:**

\* **Professionalism:** The nurse presented each patient with so many resources no matter what their choice was on how to proceed with pregnancy. She was very calm & made each patient feel very heard and seen.

**Communication & Collaboration:**

OB Community Verification Sheet
