- **Flat Panel Detector**

- o Fluoroscopy Flat Panel Detector I (3:56)
- o Fluoroscopy Flat Panel Detector II (5:53)

The screenshot shows a course progress interface for 'Flat Panel Detector'. At the top, a blue header bar contains the course title and a progress bar at 66%. Below the header, it indicates '2 Lessons | 9 minutes of video'. The main content area lists three items: 'Fluoroscopy Flat Panel Detectors I' (3:56, 100% complete), 'Fluoroscopy Flat Panel Detectors II' (5:53, 100% complete), and 'Flat Panel Detector - Assessment' (20 minutes, 0% complete). Each item has a play button icon, a duration, and a completion status icon.

Lesson Title	Duration	Completion Status
Fluoroscopy Flat Panel Detectors I	03:56	100%
Fluoroscopy Flat Panel Detectors II	05:53	100%
Flat Panel Detector - Assessment	20	0%

- **Modes of Operation**

- o Spot Imaging and Last Image Hold
- o Modes of Operation o Pulsed Fluoroscopy and Frame Averaging

The screenshot shows a course progress interface for 'Modes of Operation'. At the top, a blue header bar contains the course title and a progress bar at 60%. Below the header, it indicates '4 Lessons | 21 minutes of video'. The main content area lists five items: 'Spot Imaging and Last Image Hold' (05:48, 100% complete), 'Multifield Intensification' (05:57, 0% complete), 'Modes of Operation' (05:10, 100% complete), 'Pulsed Fluoroscopy and Frame Averaging' (04:25, 100% complete), and 'Modes of Operation - Assessment' (40 minutes, 0% complete). Each item has a play button icon, a duration, and a completion status icon.

Lesson Title	Duration	Completion Status
Spot Imaging and Last Image Hold	05:48	100%
Multifield Intensification	05:57	0%
Modes of Operation	05:10	100%
Pulsed Fluoroscopy and Frame Averaging	04:25	100%
Modes of Operation - Assessment	40	0%
