POST-CLINICAL REFLECTION OB Simulation Reflection - due on Thursday by 2359

To strengthen your clinical judgment skills, reflect on your knowledge and the decisions made caring for this patient by answering the reflection questions below.

Reflection Question	Nurse Reflection
What feelings did you experience in clinical? Why?	I had a great time, learning hands on truly helps me the most.
What did you already know and do well as you provided patient care?	I gave proper pt education + told pt therapeutic communication.
What areas do you need to develop/improve?	learning fetal heart signs.
What did you learn today?	How to appropriately read a fetal heart monitor.
How will you apply what was learned to improve patient care?	It will better prepare me for the floor.
Please reflect on how your OB simulation learning experience assisted in meeting 2-3 of the Student Learning Outcomes .	1. Professionalism : we advocated for our pt regarding safe med admin 2. Communication & collaboration : we gave proper SBAR handoff to both physician and gashofer. 3.
