

IM6 Student Learning Outcomes				
Safety & Quality	Clinical Judgment	Patient Centered Care	Professionalism	Communication & Collaboration
Formulate a plan of care for the childbearing family, and the patient with mental health disorders using evidence-based practice, safety, and quality principles.	Demonstrate clinical judgment using evidence-based data in making clinical decisions for the childbearing family, and the patient with mental health disorders.	Demonstrate family centered care based on the needs of the childbearing family, and the patient with mental health disorders.	Relate knowledge, skills, and attitudes required of the professional nurse by advocating and providing care to the childbearing families, and the patient with mental health disorders.	Communicate and collaborate effectively with patients, family, and members of the interdisciplinary team in the childbearing family, and the patient with mental health disorders.

Safety & Quality: It was uncomfortable following the start of oxytocin so we turned off the mc for 30 min but educated the need for a safe and timely delivery

Clinical Judgment: The nurse noticed the contractions were too strong and the pt was in pain so she turned off the Oxytocin to decrease contractions and pain

Patient Centered Care:

Professionalism:

Communication & Collaboration:
