**Instructional Module 6: Obstetrics Community Clinical Experience**

Community Site: Parkridge

1. What did you observe during the day? Were there any specific procedures that were able to participate in or observe?

I got to help with an HIV blood test, help with Hcg tests & observe ultrasounds.

2. What was the best/most interesting part of the experience?

getting to observe the HIV test be done as well as getting the patient history

3. Is a community nursing position something that you would consider working in? Why or why not?

I would work in a community nursing position. it was so cool getting to see the nurses get a range of patients & attend to their unique needs.

4. Do you feel like this community site met the needs of the population they serve? Why or why not?

Yes, they offer free testing & they have counseling services for patients with DV backgrounds.

5. Did you witness patient teaching? What general things were taught to this population? Do you feel that patient teaching in this community site was adequate? Why or why not?

They educated their patients about all options regarding pregnancy. The pt who needed HIV testing, the nurse educated her on safe sex.

6. Provide examples of care describing *one or more* of the IM6 Student Learning Outcomes.
