

Answer the following questions using your Introduction to Radiography textbook chapter 14, the ARRT website, and PowerPoint.

General ARRT Information

1. What is the ARRT's mission and purpose?
 - a. Mission: To promote safe, high-quality patient care through credentialing, collaboration, and advocacy.
 - b. Purpose: Exceptional patient care for all, provided by qualified medical imaging and radiation therapy professionals.
2. Where is ARRT headquarters located?
 - a. 1255 Northland Drive, St. Paul, MN 55120
3. When was ARRT organized and by whom?
 - a. When (date): 1922
 - b. Who: The Radiologic Society of North America (RSNA) and the American Roentgen Ray Society (ARRS)
4. What are the three areas of requirements necessary for ARRT?
 - a. Education
 - b. Ethics
 - c. Examination
5. What is the total score necessary to pass the ARRT registry exam?
 - a. 75 out of 99
6. What are the two educational requirements needed to qualify for the registry?
 - a. Associate's degree
 - b. ARRT-approved educational program in the specific discipline you are seeking certification in.
7. Candidates are allowed how many testing attempts within how many years?
 - a. Three attempts to pass the exam, and they must complete the three attempts within a three-year period that begins with the initial ARRT examination window start date.
8. What is the type of examination and the cost once you have completed the program?
 - a. Radiography
 - b. Cost: \$225
9. What is the total number of questions given on the registry exam? 230
 - a. Of those questions, how many will be scored? 200
10. List the possible question formats you will find on the ARRT exam?
 - a. Standard Multiple-Choice
 - b. Combined Response
 - c. Negatively Worded
 - d. Select Multiple
 - e. Illustration

- f. Hot Area
- g. Sorted List
- h. Video

Post-Examination

1. What do the following credentials **R.T.(R)** represent?
 - a. Registered Technologist in Radiography.
2. How often will you be required to renew your licensed credentials? Annually
3. How long is the biennium period and how many CEUs are required for compliance?
 - a. Biennium length: 2 years
 - b. Number of CEUs: 24
4. All reported CEUs must be category____ and relevant to____.
 - a. Category Type: A or A+
 - b. Subject relevancy: Relevant to the radiologic sciences and patient care
5. What happens if you are found noncompliant for CE credits?
 - a. If found non-compliant, your certification status becomes “Inactive” until deficiencies are corrected; you may not legally work as an R.T. during that time.
6. What does CQR stand for?
 - a. Continuing Qualifications Requirements
7. How often and who must take the CQR?
 - a. Every 10 years
 - b. Technologists certified after January 1, 2011
