

IM8: Capstone Appraisal of Student Performance

(preceptor Completes and Review with student)

Student: Peter Guayardo

Midterm: ✓

Unit: SICU 3

Finals: _____

1. Please reflect on the student's clinical performance during the capstone preceptorship and appraise the following:

Clinical Learning Outcomes	Below Average Performance Needs Significant Guidance	Satisfactory Performance Needs Average Guidance	Outstanding Performance Needs Minimal Guidance
a. Safety/Quality: Integrate nursing care using evidence-based practice to promote safety and quality for patients, self and others			is able to provide basic patient care safely to patients with minimal guidance.
b. Communication: Communicate and collaborate effectively with patients, family, and members of the interdisciplinary team in various healthcare settings. (SBAR, Documentation, patient advocacy)		Can communicate plan of care/education with patients, can work on communication with SBAR/giving report	
c. Clinical judgement: Integrate use of current evidence-based practice and clinical competence when making clinical decisions in the provision of patient centered care. (Clinical Judgement model)		is able to make basic clinical judgement decisions, safely.	
d. Patient centered care: Integrate nursing care for patients from diverse backgrounds based on patient age, culture, values, and educational needs.			Provides great care tailored to the specific patient
e. Professionalism: Integrate knowledge, skills, and attitudes required of the professional nurse, embracing lifelong learning to improve the quality of healthcare.			always has a good attitude, is always willing to practice new skills and learn new things

2. What do you think are the student's personal strengths?

He is always willing to take every opportunity to try new things. Asks questions when unsure. Takes initiative on tasks and completes them with minimal guidance - recording H/O, assessments, monitoring lines and drains. Is able to provide total care to a stable patient with minimal guidance.

3. What have you identified as an opportunity for improvement for the student?

Critical thinking and reasoning, titrating sedation and vaso pressors. taking care of the critically sick patient, ventilator management
