Pediatric ED Reflection Questions

1. What types of patients (diagnoses) did you see in the PED?

Rhinovirus, pneumonia

yes

2. The majority of the patients who came into the PED were from which age group? Was this what you expected? The ages ranged from 2 mos to 10y10

3. Was your overall experience different than what you expected? Please give examples.

I am happy I got experience this far, but pediatrics is not for me

4. How did growth and development come into play when caring for patients (both in triage and in treatment rooms)?

for 2 year old patient he kept saying no to everything we needed to do

5. What types of procedures did you observe or assist with?

Strep Swab

6. What community acquired diseases are trending currently?

Rhino, adenovirus

7. What community mental health trends are being seen in the pediatric population?

none.

8. How does the staff debrief after a traumatic event? Why is debriefing important?

this was not discussed

9. What is the process for triaging patients in the PED?

they fill out a no sheet / get vitals, then taken to a room

10. What role does the Child Life Specialist play in the PED?

distract the kids, help parents
I am a + 2 a
