

ATI

Remediation must be submitted before V2.

To move on to Module 3: Students must complete V2 if they did not receive $\geq 70\%$ on V1

Failure to Complete Remediation

- Students cannot take V2
- Absence recorded
- Make-up policy applies

Grading

- $\geq 70\%$ on V1 = 100%
- $< 70\%$ on V1 = remediation required
- $\geq 70\%$ on V2 = 90%
- $< 70\%$ on V2 = percentage earned

Remediation Requirements

- **Below 70% on V1:** Assigned online topic review remediation and Topics to Review Tables for each item on list (up to 15 tables)
- Table must be handwritten and include the source of information.
- **Students must submit a printed copy of the Topics to Review report (last page of the Individual Performance Profile) with the Topics to Review tables**

<p>Individual Performance Profile IM2 Standardized Exam V1 Topics To Review</p> <p>IM2 Standardized Exam V1 (12 Items)</p> <p>Action to take to Assist With Reducing Instances of Health Care-Associated Infections Bowel Elimination: Common Causes of Constipation Client Safety: Caring for an Older Adult Client Safety: Teaching About Safe Use of Restraints Educating Clients About Different Types of Stress Identifying the Core Competencies of Telehealth Intravenous Therapy: Sequence for Catheter Insertion Magnet Recognition Program Manifestations of Clients Who are in Stressful Situations Performing Skin Care for a Client Who Has Urinary Incontinence Professional Responsibilities: Priority Action for Breach of Confidentiality Teaching About Client Confidentiality</p>
