

Instructional Module 2 ATI Assignments

Learning Objective: To provide IM2 students opportunities to enhance nursing judgment connecting theory to practice using Evidence Based Practice learning materials.

Instructions: Students must complete the weekly ATI learning activities as outlined in the ATI Assignment Calendar and the table below.

Due Dates: ATI assignments are due on Sunday by 11:59 pm/2359 on Weeks 2, 3, 4, 5, 6, 7, and 8 (SEE COURSE CALENDAR and ATI Calendar). **Failure to complete each weekly assignment in its entirety by the specified date/time will result in a zero (0) in the Gradebook.**

Grading Criteria: *You must achieve a score of 75% on each ATI test or quiz listed to meet the IM2 course requirement. Lesson assignments require evidence of time spent and interaction with any questions, prompts, etc. contained in the lesson.* All post-lesson quizzes must achieve a score of 75% or show completion as detailed above to receive weekly credit for ATI.

If a student sees a discrepancy between the instructor's reported grade and ATI completion, they must provide evidence via their student ATI transcript.

For questions pertaining to ATI, visit atitesting.com to use the **chat function** in the bottom right corner of the screen or call **1-800-667-7531** M-F 0600-2100 and Saturday 0800-1200. If unable to get help from ATI, contact **Mr. McGuire (806) 600-4972**.

Weekly Topics	ATI Location:	Specific Activity Assigned	Instructions:
Week 1: January 18 DUE DATE: Week 2, Sunday by 11:59 pm	Video Case Studies RN 3.0	• Safety: Safe Dosage Safety: Safe Dosage • Critical Thinking/Clinical Reasoning/Clinical Judgment	Complete Lesson (8 min minimum time) and do Posttest
	Engage Pharmacology RN	• Dosage Calculations and Medication Errors	Complete lesson (15 min minimum time) and Assessment Test
	Skills Modules 4.0	• Health Care Policy	Complete Skills Module Lessons (15 min minimum time) and Assessment Test
