

**IM6 Student Learning Outcomes**

*Due Thursday*

<b>Safety &amp; Quality</b>	<b>Clinical Judgment</b>	<b>Patient Centered Care</b>	<b>Professionalism</b>	<b>Communication &amp; Collaboration</b>
<i>DO</i> Formulate a plan of care for the childbearing family, and the patient with mental health disorders using evidence-based practice, safety, and quality principles.	Demonstrate clinical judgment using evidence-based data in making clinical decisions for the childbearing family, and the patient with mental health disorders.	<i>DO</i> Demonstrate family centered care based on the needs of the childbearing family, and the patient with mental health disorders.	Relate knowledge, skills, and attitudes required of the professional nurse by advocating and providing care to the childbearing families, and the patient with mental health disorders.	Communicate and collaborate effectively with patients, family, and members of the interdisciplinary team in the childbearing family, and the patient with mental health disorders.

*Tuesday 2/7/26*

**Safety & Quality:** *Great nurse teaching, use gloves*

*My nurse provided excellent teaching and was very thorough in educating exactly why we were doing things. However - she didn't use gloves much of the time but used my knowledge of safety prudent nursing & chose to wear gloves.*

**Clinical Judgment:**

**Patient Centered Care:**

**Professionalism:**

**Communication & Collaboration:**
