

Ch. 7.2 - MLI Post Assessment

1. What changes do you see between the initial assessment and your new results?

Although I have room to grow in many areas, I have made progress in nearly every category, which is hopeful. I have made a firm commitment to become debt free, save more for retirement, give back to God, and save for emergencies and/or big purchases.

2. What areas will you focus on in the coming weeks/months?

I will focus on planning for my future and getting my estate in order, continuing to become debt free, and continuing to tithe and save.
