BIO INFORMATION (1000/4000) *

Angelo is a qualified teacher with 14 years of experience in teaching and is a certified Career Direct consultant. He is committed to helping young people embark on a journey of self-discovery by providing deeper insights into their unique personality, strengths, skills, and priorities. Angelo's passion is to reshape the way young people view careers, encouraging them to pursue paths that align with their God-given design rather than societal expectations.

Through personalised assessments and a 60-minute consultation, Angelo supports students in uncovering their true purpose and equips them to live a life that reflects their unique identity. For individual sessions, the cost is R800, while group sessions can be customised based on group size and number of sessions. Angelo's ultimate goal is to empower young people to live a life of purpose, embracing their extraordinary selves to the glory of God. He would be honoured to guide you or your child in discovering who they were made to be.
