

Hi Sue,

I was successful in recording the consultation recording today.

I did it in two parts (recordings):

[Claire's Consultation Part 1](#)

[Claire's Consultation Part 2](#)

The first part is about 1.5 hr.

The second part has the screen recording on the interactive funnel, plus we talked a little bit more on the recommendation and I was showing her some websites to look at. It's another 30 mins.

On the upload, it ask for a file (am I suppose to put the video links in a text file?)

It also ask for Rubric for the student? Is that something for you to fill out?

Just want to clarify!

Caroline
