

CASE STUDY A

Mindy Smith, 33 years old, was recently divorced from her husband Terry after 10 years of marriage. She has three children, ages 3, 5, and 8. Terry is a CPA. Mindy has never worked outside of the home, although she completed one year of college. Terry and Mindy had been actively involved in a large church since they were married. Mindy now wants to marry Carol, a lady who sings in the church choir. The church quickly responded by following the steps outlined in Matthew 18:15-17, but Terry and Carol are not repentant and now want nothing to do with the old church. Mindy has stayed in the house, which is in a small city with limited public transit. They have a dog.

Mindy is working 40 hours per week at a bookstore, where she earns just over the minimum wage. Mindy's mother has offered to watch the children while Mindy works. The church has helped with food and utility bills, but Mindy cannot continue this long-term.

Following are the agreements in the divorce settlement.

- Mindy was awarded the house but has to pay the mortgage.
- Mindy was awarded all personal belongings - furniture, toys, clothes.
- Mindy was awarded child support of 1,800 per month.
- Mindy was awarded the Honda Accord, which has a loan against it.
- Mindy will be responsible for the credit cards and personal loans shown on the debt list.
- Terry is responsible for providing health insurance for the children. He is also responsible for all medical expenses the health insurance doesn't pay, plus all dental and prescription drug expenses for the children if the employer does not provide health insurance.
- Terry is to carry life insurance on himself in the amount of 250,000 with the children as the beneficiaries until the youngest child reaches age 21.
- No alimony was awarded.
- Mindy was awarded the exemptions of the children for income tax purposes.

Help Mindy develop a realistic budget for her new situation as a single mother.

- Complete the "% Spending Plan" tab, using appropriate percentages from the "Percentage Guide" tab.
- In the "Spending Plan" tab, complete the "new budget" column, explaining significant changes in the "old budget" column.

The questions below will be in the Assignment for Case Study A. They are listed here so you can be thinking about them as you review the forms in this spreadsheet.

1. What scriptures and biblical principles could help Mindy understand how God wants her to manage her debt and decide about declaring bankruptcy?
2. What actions should Mindy take to help her adjust to her new lifestyle and her resulting emotions?
3. Mindy's debt payments are significantly over the guideline. What practical steps should Mindy take to reduce her debt payments?
4. Mindy's housing expense is significantly over the guideline. How would you help Mindy decide whether to rent or buy?
5. What actions should Mindy take to secure some type of health and life insurance?
6. What actions should Mindy take to fund emergency savings and clothing?

This is a very sad situation that you may very well run in to. Statistics show:

- 41 percent of first marriages end in divorce.
- 60 percent of second marriages end in divorce.
- 73 percent of third marriages end in divorce.

This is alarming and sad news. Yet Christians are not exempt from these types of situations.
