

CASE STUDY E

Mike and Sara Howard are both 45 and have 3 teenage kids. Mike works as a teacher at local middle school and Sara works as a manager at a coffee shop. They have lived in a small town in Alabama for the past 20 years. They have been saving for a decent emergency fund but are concerned that they are not being good stewards and want to begin being more intentional living on a budget. They've always paid their credit cards off at the end of the month and believe in driving a car that is paid off. They go to church, and put a \$20 bill in the offering plate each Sunday.

Mike's job at the school provides good health and disability insurance, as well as a pension that should replace his income in retirement. Sara's job doesn't have a lot of benefits, but they both contribute the maximum amount to their 401k each year. Mike and Sara both have 20 year term life insurance policies which cover about 10x their annual income.

Help the Howard family with their budget and maintenance system.

- Complete the "% Spending Plan" tab, using appropriate percentages from the "Percentage Guide" tab.
- In the "Spending Plan" tab, complete the "new budget" column, explaining significant changes in the "current budget" column.
- Input their new budget into the "Monthly Budget" sheet for the month of January.
- Analyze their spending (pre-filled in the "Jan" sheet) against their budget and consider what you would like to discuss with them at your next meeting. Write your discussion points in the Comments box at the bottom of the "Jan" sheet.

The questions below will be in the Assignment for Case Study E. They are listed here so you can be thinking about them and review the forms in this spreadsheet.

1. While referring to the Crown Money Map, you will notice that the Howards are at Destination 4. What would you like to discuss with them about developing a sustainable Maintenance Plan?
2. What specific actions would you recommend to the Howards about Destination 4 adjustments to their budget?
3. Are there topics or questions you might like to discuss with the Howards about their plans and goals?
