### Introduction

Hello! I'm a wife, a busy mom of four, and a teacher with a long-standing passion for working with youth. Since college, I've been drawn to mentoring and encouraging teenagers, whether in the classroom or through my church community.

I first encountered Career Direct when my brother went through the assessment and consultation process. Watching him go from struggling in his career to truly thriving was eye-opening. I was so impressed that I began researching the tool myself—and quickly realized how powerful it could be in helping others.

### Mission Statement

My mission is to help students discover their God-given design and purpose. I remember what it felt like to leave home for college without a clear sense of direction, and that experience fuels my passion

Counseling has always been in the back of my mind as a possible career path, and Career Direct felt like the perfect way to combine my love for working with teens and my desire to guide them toward discovering their God-given purpose and vision for life.

today. I'm committed to guiding high school graduates and college freshmen as they uncover their unique gifts and ignite a meaningful vision for their future.

Now, as a certified consultant, I'm excited and ready to walk alongside students as they explore the gifts God has placed within them—so they can live with clarity, confidence, and fulfillment while bringing glory to Him.

## Specialty Details

I specialize in working with high school and college-aged students who are seeking direction and clarity as they prepare for life after graduation. Using the Career Direct® assessment, I help students uncover their unique blend of personality, interests, skills, and values—so they can make confident decisions about their future.

My approach is rooted in faith, and I believe each student is uniquely designed by God for a specific purpose. Through thoughtful guidance and one-on-one consultation, I create a safe space for students to explore how their God-given strengths can lead to both personal fulfillment and meaningful impact.

Whether a student feels completely lost or just wants to confirm the path they're on, I walk alongside them to provide encouragement, practical insights, and a vision for what's possible.
