

CASE STUDY D

Doug Wilson is a 55 year old single man whose wife passed away about 10 years ago. He has grown kids, a dog, and resides in a nice 4 bedroom house in Montana. Doug has been working for 30 years for an agricultural company. There are no real monthly financial problems, except that he can't seem to set much savings aside and is not saving enough to retire. He is a committed Christian and is very dedicated to his church.

He has been contributing 4% of his income to his company's 401k retirement plan (they match his contribution to a maximum of 4%). His employer does not provide a pension or medical benefits in retirement. He receives income tax refunds each year, but that money just seems to disappear soon after he gets it. Medical insurance is provided by Doug's employer for a small monthly amount, and they provide disability insurance at no cost.

Develop a recommended new budget for Doug, with the goal of getting him better prepared for retirement. Complete the "% Spending Plan" tab, using appropriate percentages from the "Percentage Guide" tab. In the "Spending Plan" tab, complete the "new budget" column, explaining significant changes in the "old budget" column.

The questions below will be in the Test for Case Study D. They are listed here so you can be thinking about the forms in this spreadsheet.

1. List at least four questions you might ask to help Doug evaluate having enough money to retire? What would be the answers for each question?
2. How would you approach Doug's inability to save for retirement? What "low hanging fruit opportunities" would you suggest to help him?
3. Though Doug does not have sizable debt now, what advice would you give him about paying off his credit cards to avoid future indebtedness?
4. While referring to the Crown MoneyMap, what changes would you recommend for Doug to make in the first four destinations? List each destination followed by specific actions he should take in that destination for the next destination.
5. What steps can Doug take to leave a legacy for his children that will impact eternity, as well as earthly life?
