

CASE STUDY A

Terry Smith is 35 years old and his wife, Mindy, is 33. They recently celebrated wedding anniversary. They have three children, ages 3, 5, and 8. Terry is a CPA never worked outside of the home, although she completed one year of college. Mindy have been attending a large church since they were married. Terry sings and Mindy is active in children's Sunday school. On the surface it appears that this is a well-adjusted family. They have a comfortable house, new cars, and enjoy good food. One week Terry announced to Mindy that he wanted a divorce. He said he did not love her anymore and that he wanted to marry Cindy, a lady who also sings in the church. Mindy had already met with an attorney to begin divorce proceedings. The church quickly followed the steps outlined in Matthew 18:15-17. But Terry and Cindy are not ready to want nothing to do with the church. They will be moving to another state next month. When the divorce becomes final, Mindy will have the following situation.

- She was awarded the \$110,000 house.
 - She was awarded all personal belongings - furniture, toys, clothes.
 - She will receive child support of \$200 per month per child until each child reaches age 18.
 - She was given the Honda Accord, which has a loan against it.
- jointly.
expenses the health insurance doesn't pay, plus all dental and prescription drug expenses for the children.
- Terry is to carry life insurance on himself in the amount of \$250,000 with the children as beneficiaries until the youngest child reaches age 21.
 - No alimony was awarded.
 - Mindy was awarded the exemptions of the children for income tax purposes.
 - Mindy is working 40 hours per week at a bookstore, where she earns minimum wage.
 - Mindy's sister has offered to watch the children while Mindy works. The church has helped pay utility bills.

The questions below will be in the Test for Case Study A. They are listed here so you are thinking about them as you review the forms in this spreadsheet.

1. What biblical principles could help Mindy manage her debts and settle any inclination about debtors' bankruptcy?
2. What should Mindy do about her house/payment?
3. What actions could Mindy take to reduce her debt payments?
4. What actions could Mindy take to address her financial picture?

5. What actions should Mindy take to secure some type of health insurance?
6. What actions should Mindy take to take advantage of any deductions on her federal and/or state taxes?
7. What actions should Mindy take to help her adjust to her new lifestyle and her resulting emotional state?
8. What things could go wrong with Terry and/or her creditors, and what should Mindy be prepared for?

This is a very sad situation that you may very well run in to. Statistics show:

- 41 percent of first marriages end in divorce.
- 60 percent of second marriages end in divorce.
- 73 percent of third marriages end in divorce.

This is alarming and sad news. Yet Christians are not exempt from these types of situations.
