

## Notes Lesson 7

“God owns everything. If you simply make all your financial decisions using that as your primary lens than you will grow in faithfulness as God’s steward. It will not only impact your life today but will prepare you for *that* day when you stand before the Lord and are found faithful.”

“Learn to spend less than you earn. It sounds so simple, yet it’s not always easy. If you’ve been practicing that and continue to do it you will reap the benefits that come from remaining faithful.”
