

# Complete Creation

## Unit 13 – Lesson 25 & 26

### Study Guide

**This study guide contains some questions and prompts which will help you prepare for the test as you watch the lesson videos. The tests are composed of a random bank of questions taken from this study guide. There are no score keys – the answers can be found watching the lesson videos.**

1. “God said” is used in Scripture how many times?

---

2. “God said” is used in Genesis alone how many times?

---

3. What is our value and worth as humans based on?

---

4. What is evolution’s process for our origin?

---

5. What have non-Christians admitted about fossil reconstructions?

---

6. What are the vast majority of artists conceptions of “prehistoric man” based on?

---

7. When artists attempt to create something between an ape and human, what drives the design?

---

8. What are the pictures of “cavemen” or “hominids” that we see?

---

9. What do evolutionists have to admit about pre-Ida bones?

---

10. What can you debunk if you can debunk Ida?

---

11. What was the shape of Ida’s skull?

---

12. What were Ida's body proportions and finger lengths like?

---

13. Where can we be deceived?

---

14. How many toes and fingers do lemurs have?

---

15. Where are lemurs eyes?

---

16. Is Ida the closest "monkey/ape human ancestor" ?

---

17. What kind of fossil skeletons are used to "prove evolution?"

---

18. When you look at the facts that are known, what do the charts show us?

---

19. Is there credible fossil evidence for the repeated claim that "the missing link has been found?"

---

20. What kind of bones were found at the "RD" fossil site?

---

21. Were the 17 "RD" fossil fragments all found in the same fossil site?

---

22. What were the initial claims about the percentage of Lucy's bones had been found?

---

23. How many bones does the human body have?

---

24. Was Lucy found with partially intact hands and feet?

---

25. What was the maximum amount of Lucy's bones that were found?

---

26. Why do evolutionists overstate their claim?

---

27. What kind of science showed that Lucy's skull was chimp?

---

28. Do apes have whites around their eyes?

---

29. How would you know what an eye looked like?

---

30. Were Lucy's hands and feet found, and what was the claim about them?

---

31. The claim that Lucy had a "human like" knee was based on what?

---

32. What shape were Lucy's hips?

---

33. What did the "perfect fit" of Lucy's hips show?

---

34. Why do caveats abound in evolutionary descriptions?

---

35. At very best, what is Neanderthal man?

---

36. What does bone not tell you?

---
