

**EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2022**

**Firelands Regional Medical Center School of Nursing
Sandusky, Ohio**

Student:
Semester:

Final Grade: Satisfactory/Unsatisfactory

Date of Completion:

**Faculty: Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN
Chandra Barnes, BSN, RN; Brian Seitz, MSN, RN
Brittany Lombardi, MSN, RN**

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- Clinical Assignments
- Completion of Patient Care
- Meditech Documentation
- Observation of Clinical Performance
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Clinical Discussion Rubric
- Preceptor Feedback
- Nursing Care Plan Rubric
- Skills Lab Checklists/Competency Tool
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- Pathophysiology Grading Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
CB	Chandra Barnes, BSN, RN		
FB	Fran Brennan, MSN, RN		
BL	Brittany Lombardi, MSN, RN		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	NA	S	S	S													
a. Manage complex patient care situations with evidence of preparation and organization. (Responding)	S	NA	S	S	S													
b. Assess comprehensively as indicated by patient needs and circumstances. (Noticing)	S	NA	S	S	S													
c. Evaluate patient’s response to nursing interventions. (Reflecting)	S	NA	S	S	S													
d. Interpret cardiac rhythm; determine rate and measurements. (Interpreting)	NA	NA	S	S	NA													
e. Administer medications observing the six rights of medication administration. (Responding)	NA	NA	S	S	S NI													
f. Perform venipuncture skill with beginning dexterity and evidence of preparation. (Responding)	S	NA	S	NA	S													
g. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc. (Responding)	NA	NA	NA	S	S													
Faculty Initials	BL	BL	BL	CB	BL													
Clinical Location	Special Operations	No Clinical	Cardiac Diagnostic & Scavenger Hunt	ICU	4P													

Comments:

Week 2-1(a,b,c,f) Excellent job discussing the nursing interventions associated with all of the procedures you witnessed in your Special Procedures clinical experience. You did an excellent job explaining the interventions, as well as evaluating the patient’s response to the nursing interventions. Comments from preceptor in Special

*End-of- Program Student Learning Outcomes

Procedures: Excellent in all areas. “Four successful IV starts; Sydney was able to watch a paracentesis, HD cath insertion, random kidney biopsy and a fistulogram. She did very well and was very helpful.” BL

Week 4-1(b) Excellent job with your CDG in which you identified the appropriate nursing interventions associated with each cardiac diagnostic test based on the patient needs and circumstances. Comments from preceptor in Cardiac Diagnostics: Excellent in all areas. “Sydney was very energetic and willing to ask questions; she applied her nursing skills during her clinical.” BL

Week 5(1 a,b,c): Sydney, excellent job this week managing the complex care your patient needed, and assessing the interventions that you provided. CB

Week 6-1(a-c, e-g) Excellent job this week managing complex patient care situations. Your care was very well organized, and you did a great job with your time management. Your head to toe assessments were very thorough, and you monitored your patient’s oxygen status very closely to ensure positive patient outcomes. You were able to attempt an IV start, and although it was unsuccessful, you demonstrated correct technique and dexterity. Your medication pass was very well done on Tuesday, and you had the opportunity to administer PO, IVP, and SQ medications all while following the six rights. On Wednesday, your medication pass was rushed and you were not thoroughly performing all your medication checks. There was a situation in which one medication was not removed from the Pyxis by mistake, even though it was documented in the Pyxis that it was removed. This led to much confusion as to if the medication was missing, already opened and placed in the pill cups, or actually not removed from the Pyxis in the first place. We had to spend time searching for the medication, going through all the opened wrappers, and counting all of the pills in the cups to verify. I also observed you scanning the medications but not actually looking at the MAR while doing so to verify that you had the right medication and dose. Lastly, it was discovered that you had the wrong dose of insulin dialed up on the patient’s insulin pen by mistake when I was cosigning with you. As we discussed, it is very overwhelming when you have a large medication pass to complete and it is important that you take your time and follow all six rights. Medication errors can be deadly for a patient, and it is important that you are following all the appropriate safety checks to prevent them from occurring. For these reasons, competency 1(e) has been changed to an “NI” for this week. Going forward, please be sure to take your time and ensure that you are following all six rights of medication administration at all times. BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	NA	S	S	S													
a. Correlate relationships among disease process, patient’s history, patient symptoms, and present condition utilizing clinical judgment skills. CC (Noticing, Interpreting, Responding)	S	NA	S	S	S													
b. Monitor for potential risks and anticipate possible early complications. (Noticing, Interpreting, Responding)	S	NA	S	S	S													
c. Recognize changes in patient status and take appropriate action. (Noticing, Interpreting, Responding)	NA	NA	S	S	S													
d. Formulate a prioritized nursing care plan utilizing clinical judgment skills. CC (Noticing, Interpreting, Responding, Reflecting)	NA	NA	NA	NA	NA													
e. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care. (Responding)	S	NA	S	S	S													
Faculty Initials	BL	BL	BL	CB	BL													

Comments:

Week 4 (2a): Great job on your pathophysiology this week! Please see the grading rubric below. CB

Week 6-2(e) You did a great job this week identifying social determinants of health that may have impacted your patient’s health, well-being, and quality of life. Keep up all your great work! BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA	NA	NA	S	S													
a. Critique communication barriers among team members. (Interpreting)																		
b. Participate in QI, core measures, monitoring standards and documentation. (Interpreting & Responding)	NA	NA	S	S	S NA													
c. Discuss strategies to achieve fiscal responsibility in clinical practice. (Responding)	S	NA	S	S	NA													
d. Clarify roles & accountability of team members related to delegation. (Noticing)	S	NA	S	S	S													
e. Determine the priority patient from assigned patient population. (Interpreting) (Patient Mgmt.)	NA	NA	NA	NA	NA													
Faculty Initials	BL	BL	BL	CB	BL													

Comments:

Week 4-3(b,c) Excellent job with the Quality Scavenger Hunt clinical experience, as well as with your CDG for this experience. You did an excellent job discussing the fiscal impact associated with the variances that you found. BL

Week 5(3a): Great job this week with observing and critiquing different team members and communication barriers that were present. CB

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	NA	S	S	S													
a. Critique examples of legal or ethical issues observed in the clinical setting. (Interpreting)	S	NA	S	S	S													
b. Engage with patients and families to make autonomous decisions regarding healthcare. (Responding)	S	NA	S	S	S													
c. Exhibit professional behavior in appearance, responsibility, integrity and respect. (Responding)	S	NA	S	S	S NI													
Faculty Initials	BL	BL	BL	CB	BL													

Comments:

Week 5(4a,c): Great job with your discussion in debriefing, about legal and ethical issues that you observed while in the clinical setting. CB

Week 6-4(c) This competency was changed to an “NI” for this week as it relates to professional behavior. As a general reminder, please be sure that you are complying with the parking regulations that are in place. On Tuesday, it was observed that you parked on floor 2 of the parking garage. Floors 1 and 2 of the parking garage are reserved for physicians, patients and families. Please be sure to review the parking guidelines outlined in your course syllabus. Should you have any questions, please do not hesitate to ask. BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	NA	S	S	S													
a. Reflect on your overall performance in the clinical area for the week. (Responding)	S	NA	S	S	S													
b. Demonstrate initiative in seeking new learning opportunities. (Responding)	S	NA	S	S	S													
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc. (Interpreting)	S	NA	S	S	S													
d. Perform Standard/Standard Plus Precautions. (Responding)	S	NA	S	S	S													
e. Practice use of standardized EBP tools that support safety and quality. (Responding)	S	NA	S	S	S													
f. Utilize faculty feedback to improve clinical performance. (Responding & Reflecting)	S	NA	S	S	S													
Faculty Initials	BL	BL	BL	CB	BL													

Comments:

Week 5 (5b): You did a great job with seeking new opportunities for placing an OG tube. CB

Week 6-5(b) Sydney, you do an excellent job working independently and taking initiative in completing nursing interventions for your patient. Keep up all your great work! BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	NA	S	S	S													
a. Establish collaborative partnerships with patients, families, and coworkers. (Responding)																		
b. Teach patients and families based on readiness to learn and discharge learning needs. (Interpreting & Responding)	S	NA	S	NA	S													
c. Collaborate with members of the healthcare team, patients, and families to achieve optimal patient outcomes. (Responding)	S	NA	S	S	S													
d. Deliver effective and concise hand-off reports. (Responding)	NA	NA	NA	S	S													
e. Document interventions and medication administration correctly in the electronic medical record. (Responding)	NA	NA	NA	S	S													
f. Consistently and appropriately posts in clinical discussion groups. (Responding and Reflecting)	S	NA	S	S	S													
Faculty Initials	BL	BL	BL	CB	BL													

Comments:

Week 2-6(f) Excellent job with your CDG post this week. Your responses were very thorough and demonstrated much knowledge related to your clinical experience. BL

Week 4-6(f) Great job with your CDGs for both of your clinical experiences this week. Keep up all your great work! BL

Week 5 (6c,d): Sydney, you did a great job collaborating with the bedside nurse of your patient, and had effective communication skills when giving your hand off report at the end of clinical. CB

Week 6-6(a,b,c) Excellent job in debriefing discussing these competencies, as well as applying them to practice during your clinical experience this week. BL

*End-of- Program Student Learning Outcomes

Week 6-6(e,f) Excellent job with all your documentation this week in clinical. Your documentation was done in a timely manner and accurate. You also did a great job taking my feedback on Tuesday and applying it to all your documentation on Wednesday. You did an excellent job with your CDG this week. Keep up the great work!
BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective																		
7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery. (1,3,4,6,7,8)*																		
Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	NA	S	S	S													
a. Value the need for continuous improvement in clinical practice based on evidence. (Responding)																		
b. Accountable for investigating evidence-based practice to improve patient outcomes. (Responding)	S	NA	S	S	S													
c. Comply with the FRMCSN “Student Code of Conduct Policy.” (Responding)	S	NA	S	S	S													
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE”- attitude, commitment, and enthusiasm during all clinical interactions. (Responding)	S	NA	S	S	S													
Faculty Initials	BL	BL	BL	CB	BL													

Comments:

Week 5(7d): You were professional in the clinical setting, and very eager to learn. CB

Week 6-7(a,b) You researched and summarized an interesting EBP article in your CDG titled “The Effects of Different Positions on Saturations and Vital Signs in Patients.” Excellent job! BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

***Course Objectives**

Comments:

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, discussion regarding use of and ventilation with bag-valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

Meditech: Satisfactory participation of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders: Satisfactory completion of physician's order lab utilizing SBAR communication and taking orders over the phone. Good job! CB/BS

Prioritization/Delegation: Satisfactory completion of the prioritization and delegation skills lab. You satisfactorily prioritized care for multiple patients using multiple methods (e.g. Maslow's hierarchy of needs, ABC, Nursing Process, etc.). You were able to appropriately delegate nursing tasks for the patients, and you actively participated in the group discussion on delegation of nursing tasks. Great job! BL

Blood administration/IV pump: Satisfactory completion of practice with blood administration safety checks activity. Great job with IV pump practice, the use of the medication library, and pump set up of primary and secondary IV medication infusion. AR

IV Starts: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. FB/BS/CB/BL

Head to Toe Assessment: You are satisfactory for the head-to-toe assessment competency. Nice Job! BL/BS

ECG/Telemetry/Chest Tube: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial. BL/BS

Ports/Blood Draw: You were satisfactory in accessing an Infusaport device, demonstrated proper technique for CVAD cap change and satisfactorily demonstrated how to draw blood from a CVAD per hospital policy. Nice work! CB

*End-of- Program Student **Central Line Dressing/IV push:** Satisfactory central line dressing change using proper technique, as well as line flushing. Great job with preparation of mixing a medication with normal saline and administering as an IV push through the central line. FB

ECG Measurements: Satisfactory participation in and practice of ECG measurements during the ECG Measurements Lab. You accurately measured and interpreted a 6-second rhythm strip for Normal Sinus Rhythm. Great job! AR

Pathophysiology Grading Rubric
 Firelands Regional Medical Center School of Nursing
 Advanced Medical Surgical Nursing
 2022

Student Name: **Sydney Castle**

Clinical Date: **2/8/22-2/9/22**

<p>1. Provide a description of your patient including current diagnosis and past medical history. (2 points total)</p> <ul style="list-style-type: none"> • Current Diagnosis (1) • Past Medical History (1) 	<p>Total Points:2 Comments: You did a great job explaining your patient's past medical history and current diagnosis. CB</p>
<p>2. Describe the pathophysiology of your patient's current diagnosis. (1 point total)</p> <ul style="list-style-type: none"> • Pathophysiology-what is happening in the body at the cellular level (1) 	<p>Total Points:1 Comments: You did a great job explaining the pathophysiology of your patient's diagnosis. CB</p>
<p>3. Correlate the patient's current diagnosis with presenting signs and symptoms. (3 points total)</p> <ul style="list-style-type: none"> • All patient's signs and symptoms included (1) • Explanation of what signs and symptoms are typically expected with this current diagnosis (Do these differ from what your patient presented with?) (1) • Explanation of how all patient's signs and symptoms correlate with current diagnosis. (1) 	<p>Total Points:3 Comments: Excellent job explaining your patient's signs and symptoms and how they correlate with your patient's diagnosis. CB</p>
<p>4. Correlate the patient's current diagnosis with all related labs. (4 points total)</p> <ul style="list-style-type: none"> • All patient's relevant lab result values included (1) • Rationale provided for each lab test performed (1) • Explanation provided of what a normal lab result should be in the absence of current diagnosis (1) • Explanation of how each of the patient's relevant lab result values correlate with current diagnosis (1) 	<p>Total Points:4 Comments: You explained all labs, normal values, what your patient's lab results were, and why this correlated with your patient's diagnosis. CB</p>
<p>5. Correlate the patient's current diagnosis with all related diagnostic tests. (4 points total)</p> <ul style="list-style-type: none"> • All patient's relevant diagnostic tests and results included (1) • Rationale provided for each diagnostic test performed (1) • Explanation provided of what a normal diagnostic test result would be in the absence of current diagnosis (1) • Explanation of how each of the patient's relevant diagnostic test results correlate with current diagnosis (1) 	<p>Total Points:4 Comments: Great job explaining diagnostic test, there relevance to your patient and diagnosis, the results and how it correlates. CB</p>

<p>6. Correlate the patient's current diagnosis with all related medications. (3 points total)</p> <ul style="list-style-type: none"> • All related medications included (1) • Rationale provided for the use of each medication (1) • Explanation of how each of the patient's relevant medications correlate with current diagnosis (1) 	<p>Total Points:3 Comments: You explained all of the pertinent medication that was related to your patient's diagnosis, and you provided a rationale for all. CB</p>
<p>7. Correlate the patient's current diagnosis with all pertinent past medical history. (2 points total)</p> <ul style="list-style-type: none"> • All pertinent past medical history included (1) • Explanation of how patient's pertinent past medical history correlates with current diagnosis (1) 	<p>Total Points:2 Comments: You did a great job explaining your patient's history and how it plays a role with their current diagnosis. CB</p>
<p>8. Describe nursing interventions related to current diagnosis. (1 point total)</p> <ul style="list-style-type: none"> • All nursing interventions provided for patient explained and rationales provided (1) 	<p>Total Points:1 Comments: You provided all relevant interventions and why those interventions are so important, excellent job! CB</p>
<p>Total possible points = 20 17-20 = Satisfactory 14-16 = Needs improvement <13 = Unsatisfactory</p>	<p>20/20 Great job overall! CB</p>

**EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2022**

**Firelands Regional Medical Center School of Nursing
Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:
