

**EVALUATION OF CLINICAL PERFORMANCE TOOL  
Advanced Medical Surgical Nursing- 2022**

**Firelands Regional Medical Center School of Nursing  
Sandusky, Ohio**

**Student:**   
**Semester:**

**Final Grade:** Satisfactory/Unsatisfactory

**Date of Completion:**

**Faculty:** Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN  
Chandra Barnes, BSN, RN; Brian Seitz, MSN, RN  
Brittany Lombardi, MSN, RN

**Faculty eSignature:**

**DIRECTIONS FOR USE:**

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

**METHODS OF EVALUATION:**

- Clinical Assignments
- Completion of Patient Care
- Meditech Documentation
- Observation of Clinical Performance
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Clinical Discussion Rubric
- Preceptor Feedback
- Nursing Care Plan Rubric
- Skills Lab Checklists/Competency Tool
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- Pathophysiology Grading Rubric

## PERFORMANCE CODE

### SATISFACTORY CLINICAL PERFORMANCE

**Satisfactory (S):** Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

### UNSATISFACTORY CLINICAL PERFORMANCE

**Needs Improvement (NI):** Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

### OTHER

**Not Available (NA):** The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)\*

Comments:

Week 2-1(b,c) Excellent job discussing the nursing interventions associated with the procedures you witnessed in your Special Procedures clinical experience. You did an excellent job explaining the interventions, as well as evaluating the patient's response to the nursing interventions. BL

Week 3-1(b) Excellent job with your CDG in which you identified the appropriate nursing interventions associated with each cardiac diagnostic test based on the patient needs and circumstances. Comments from preceptor in Cardiac Diagnostics: Excellent in all areas. "Ann was very attentive on her clinical day; she was willing to ask appropriate questions and to put her skills to work in the cardiac department." BL

Week 4-1(a-c) Ann, excellent job during your Infusion Center clinical experience. You did a great job with your CDG in which you discussed the nursing interventions you performed during this experience. BL

Week 5(1 a,b,c): Ann, excellent job this week managing the complex care your patient needed, and assessing the interventions that you provided. CB

Week 6-1(a-c,e,g) Ann, excellent job this week managing complex patient care situations. Your care was very well organized, and you did a great job with your time management. Your head to toe assessments were very thorough and well done. Unfortunately, you did not have a penlight with you on Tuesday and you had to borrow one from faculty in order to complete your neuro assessment. For this reason, competency 1(a) has been changed to an "NI" as it relates to preparation. Going forward, please be sure to come to clinical prepared with all the appropriate equipment you need to complete your physical assessments. Your medication passes were very well done on both days, and you had the opportunity to administer IVP and PO medications through an NG tube all while following the six rights. You monitored your patient very closely to ensure positive patient outcomes. Great job! BL

**Comments:**

Week 3-3(b,c) Excellent job with the Quality Scavenger Hunt clinical experience, as well as with your CDG for this experience. You did an excellent job discussing the fiscal impact associated with the variances that you found. BL

Week 4-3(c) Great job with your CDG discussing strategies to achieve fiscal responsibility in clinical practice. BL

Week 5(3a): Great job this week with observing and critiquing different team members and communication barriers that were present. CB

Week 6-3(c) You did a great job ensuring you used the PAR system appropriately when obtaining care items for your patient this week in clinical. This is just one important way to ensure fiscal responsibility in clinical practice. BL

Week 2-6(f) Excellent job with your CDG post this week! BL

Week 3-6(f) Excellent job with your CDG posts this week! Your responses were very thorough and you demonstrated much knowledge regarding your clinical experiences. BL

Week 4-6(c) Excellent job discussing examples of collaboration witnessed in the Infusion Center between interdisciplinary team members in your CDG. BL

Week 5(6f): Ann, you are receiving a NI for your cdg because you did not include an intext citation in your careplan, as stated by the cdg rubric. CB

\*End-of- Program Student Learning Outcomes

Week 6-6(a,b,c) Excellent job in debriefing discussing these competencies, as well as applying them to practice during your clinical experience this week. BL

Week 6-6(e,f) Excellent job with all your documentation this week in clinical. Your documentation was done in a timely manner and accurate. You also did a great job taking my feedback on Tuesday and applying it to all your documentation on Wednesday. You did an excellent job with your CDG this week, but unfortunately, you did not answer all of the questions. You omitted question number five (Discuss actions you took to create a culture of safety for your patient). Per the CDG grading rubric, if a student does not answer all of the questions they are graded as unsatisfactory. Please be sure to address this “U” on your clinical tool next week. BL

**Comments:**

**Resuscitation:** Satisfactory participation in the practice of Hands-Only CPR, discussion regarding use of and ventilation with bag-valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

**Meditech:** Satisfactory participation of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

**Physician Orders:** Satisfactory completion of physician's order lab utilizing SBAR communication and taking orders over the phone. Good job! CB/BS

**Prioritization/Delegation:** Satisfactory completion of the prioritization and delegation skills lab. You satisfactorily prioritized care for multiple patients using multiple methods (e.g. Maslow's hierarchy of needs, ABC, Nursing Process, etc.). You were able to appropriately delegate nursing tasks for the patients, and you actively participated in the group discussion on delegation of nursing tasks. Great job! BL

**Blood administration/IV pump:** Satisfactory completion of practice with blood administration safety checks activity. Great job with IV pump practice, the use of the medication library, and pump set up of primary and secondary IV medication infusion. AR

**IV Starts:** Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. FB/BS/CB/BL

**Head to Toe Assessment:** You are satisfactory for the head-to-toe assessment competency. Nice Job! BL/BS

**ECG/Telemetry/Chest Tube:** Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial. BL/BS

**Ports/Blood Draw:** You were satisfactory in accessing an Infusaport device, demonstrated proper technique for CVAD cap change and satisfactorily demonstrated how to draw blood from a CVAD per hospital policy. Nice work! CB

\*End-of- Program Student **Central Line Dressing/IV push:** Satisfactory central line dressing change using proper technique, as well as line flushing. Great job with preparation of mixing a medication with normal saline and administering as an IV push through the central line. FB

**ECG Measurements:** Satisfactory participation in and practice of ECG measurements during the ECG Measurements Lab. You accurately measured and interpreted a 6-second rhythm strip for Normal Sinus Rhythm. Great job! AR
