Advanced Medical Surgical Nursing- 2022**

**Firelands Regional Medical Center School of Nursing
Sandusky, Ohio**

Student:
Semester:

Final Grade: Satisfactory/Unsatisfactory

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN
Chandra Barnes, BSN, RN; Brian Seitz, MSN, RN
Brittany Lombardi, MSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student’s evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a “S, NI, U, or NA”. If the student does not self-rate, then it is an automatic “U”. A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s) for that clinical week. Whenever a student receives a “U” in a competency, it must be addressed with a comment as to why it is no longer a “U” the following week. If the student does not state why the “U” is corrected, it will be another “U” until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- Clinical Assignments
- Completion of Patient Care
- Meditech Documentation
- Observation of Clinical Performance
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Clinical Discussion Rubric
- Preceptor Feedback
- Nursing Care Plan Rubric
- Skills Lab Checklists/Competency Tool
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- Pathophysiology Grading Rubric

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Comments:

Week 3 (1a,b,c)- Great job managing a group of patients, assessing patients to determine needs and priority of care, and evaluating the patient's response to care delivered. FB

Week 4 (1b)- Great job assessing your patients and responding to needs appropriately. FB

Week 6 (1c)- Satisfactory discussion via CDG posting related to your Patient Advocate/Discharge Planner clinical experience. Great job! RN Preceptor comments: Satisfactory in all areas. AR

*End-of- Program Student Learning Outcomes

Week 7 (1f)- Great job performing IV starts during the digestive health clinical. Proper technique and aseptic procedures were followed. Keep up the great work! FB

Week 9-1(b) Excellent job with your CDG in which you identified the appropriate nursing interventions associated with each cardiac diagnostic test based on the patient needs and circumstances. Comments from preceptor in Cardiac Diagnostics: Excellent in all areas. "Observed Bubble study, Echo, Lexiscan stress, walking stress, sync cardioversion; spoke to Pacer rep." BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*

Comments:

Week 2 (3a,b,c)- These competencies will be completed during various clinical rotation (i.e. quality assurance/core measures, ICU/4P rotations). (3d,e)- Great discussion, noticing accountability of delegation and the clarification of roles. You also did a great job interpreting facts to determine the need for prioritization of assigned patient during this clinical rotation. FB

Week 3 (3d,e)- You have demonstrated the process of delegation, responsibility, and accountability of the interdisciplinary team members. Great job determining priority care of assigned patients and the priority patient of assigned patients. Keep up the great work! FB

Week 4 (3d, e)- Great job with prioritization and using clinical judgement to determine plan of care. Make sure when delegating care, as the RN you are responsible for knowing the abilities to whom you are delegating. FB

Week 5 (3b)- Satisfactory discussion via CDG posting related to your Quality/Core Measures observation experience. Great job! Comments per Core Measures RN: Excellent in all areas. Comments per Rapid Response RN: Excellent in all areas. Great participation. Comments per Stroke RN: “Nice job and engaging – thank you and Good Luck in Med/Surg!” AR

Week 9-3(b,c) Excellent job with the Quality Scavenger Hunt clinical experience, as well as with your CDG for this experience. You did an excellent job discussing the fiscal impact associated with the variances that you found. BL

Comments:

Week 2 (5c)- This competency will be completed during the ICU/4P clinical rotation. Reported by assigned RN on 1/18/2022 Excellent in all areas. Student Goals: Work on managing my time better and master an efficient head-to-toe assessment so I have enough time for 5 patients. Additional preceptor comments: Very attentive and provided great care to her patient. TS/ FB

Week 3 (5a)- Verbally reported on by assigned RN, “Jillian did a great job providing care and is very receptive to learning new skills.” AM/FB

Week 4 (5a)- Reported on by assigned RN on 2/1/2022 – Excellent in all areas. Student Goals: “Do a discharge by myself.” Additional Preceptor Comments: “Jillian did great job changing a central line dressing!” TS/FB Reported on by assigned RN on 2/2/2022 – Excellent in all areas. Student Goals: “Be able to put a foley or IV in!” Preceptor Comments: “Jillian did great at managing 3 patients with one of them being at high activity.” TS/FB

Week 5 (5c)- Satisfactory discussion via CDG posting related to your Quality/Core Measures observation experience. Keep up the great work! AR

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

***Course Objectives**

Comments:

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, discussion regarding use of and ventilation with bag-valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

Meditech: Satisfactory participation of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders: Satisfactory completion of physician's order lab utilizing SBAR communication and taking orders over the phone. Good job! CB/BS

Prioritization/Delegation: Satisfactory completion of the prioritization and delegation skills lab. You satisfactorily prioritized care for multiple patients using multiple methods (e.g. Maslow's hierarchy of needs, ABC, Nursing Process, etc.). You were able to appropriately delegate nursing tasks for the patients, and you actively participated in the group discussion on delegation of nursing tasks. Great job! BL

Blood administration/IV pump: Satisfactory completion of practice with blood administration safety checks activity. Great job with IV pump practice, the use of the medication library, and pump set up of primary and secondary IV medication infusion. AR

IV Starts: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. FB/BS/CB/BL

Head to Toe Assessment: You are satisfactory for the head-to-toe assessment competency. Nice Job! BL/BS

ECG/Telemetry/Chest Tube: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial. BL/BS

Ports/Blood Draw: You were satisfactory in accessing an Infusaport device, demonstrated proper technique for CVAD cap change and satisfactorily demonstrated how to draw blood from a CVAD per hospital policy. Nice work! CB

*End-of- Program Student Learning Objectives: **Central Line Dressing/IV push:** Satisfactory central line dressing change using proper technique, as well as line flushing. Great job with preparation of mixing a medication with normal saline and administering as an IV push through the central line. FB

ECG Measurements: Satisfactory participation in and practice of ECG measurements during the ECG Measurements Lab. You accurately measured and interpreted a 6-second rhythm strip for Normal Sinus Rhythm. Great job! AR

EVALUATION OF CLINICAL PERFORMANCE TOOL

Advanced Medical Surgical Nursing- 2022
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
