

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2022
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Katelyn Howard

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

Faculty: Fran Brennan MSN, RN, Monica Dunbar MSN, RN,
 Lora Malfara MSN, RN, Brittany Lombardi MSN, RN
Teaching Assistants: Chandra Barnes BSN, RN, Devon Cutnaw BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- Clinical Patient Profile
- Meditech Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- Participation in adjunctive therapies (N.A./A.A.; Erie County Detox Unit, Hospice inpatient care)
- EBP Presentations Rubric
- Hospice Reflection Journal
- Observation of Clinical Performance
- Clinical Nursing Therapy Group
- Nursing Care Map Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective										
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
Competencies:	NA	S	NA	S						
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. (noticing)	NA	S	NA	S						
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. (interpreting)	NA	S	NA	S						
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. (responding)	NA	S	NA	S						
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care (noticing)	NA	S	NA	S						
e. Recognize social determinants of health and the relationship to mental health. (reflecting)	NA	S	NA	S						
f. Develop and implement an appropriate nursing therapy group activity. (responding)	NA	NA	NA	S						
g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment) (responding)

Clinical Location	NA	1S	Sandusky Artisans-Open Recovery	1S						

* End-of-Program Student Learning Outcomes

Comments:

Week 2-1(e) Katelyn, great job identifying and discussing your patient’s social determinants of health in both your CDG and Nursing Care Map. BL

Week 4-1(f) Excellent job facilitating nursing therapy group for the patients this week. Your “Emotions” M&M activity and “Let it go” balloon activity was engaging and a great way for the patients to discuss their feelings with peers. BL

Objective										
2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
Competencies:	NA	S	NA	S						
a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing)	NA	S	NA	S						
b. Identify patient’s subjective and objective findings including labs, diagnostic tests, and risk factors. (noticing, recognizing)	NA	S	NA	S						
c. Demonstrate ability to identify the patient’s use of coping/defense mechanisms. (noticing, interpreting)	NA	S	NA	S						
d. Formulate a prioritized nursing care map utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)	NA	S	NA	NA						
e. Apply the principles of asepsis and standard precautions. (responding)	NA	S	S	S						
f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding)	NA	S	NA	S						
Faculty Initials	BL	BL	FB	BL						

Comments:

Week 2-2(d) Excellent job formulating a prioritized Nursing Care Map for your patient this week utilizing your clinical judgment skills. Please see the Nursing Care Map Rubric at the end of this document for my feedback. BL

* End-of-Program Student Learning Outcomes

Week 4-2(f) You did a great job discussing your EBP article titled “Perceived Stress in Family Caregivers of Individuals with Mental Illness” during debriefing. Keep up the great work! BL

Objective										
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. (responding)	NA	S	NA	S						
b. Demonstrate professional and appropriate communication with the treatment team by using the SBAR format for handoff communication during transition of care. (responding)	NA	S NA	NA	NA						
c. Identify barriers to effective communication. (noticing, interpreting)	NA	S	S	S						
d. Construct effective therapeutic responses. (responding)	NA	S	S NA	S						
e. Construct a satisfactory patient-nurse therapeutic communication. (Nursing Process Study) (responding, reflecting)										
f. Posts respectfully and appropriately in clinical discussion groups. (responding, reflecting)	NA	S	S	S						
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. (responding)	NA	S	NA	S						
h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting)	NA	S	NA	S						
Faculty Initials	BL	BL	FB	BL						

Comments:

Week 2-3(a,d,f) Katelyn, you did an excellent job actively listening and therapeutically communicating with all the patients this week. You also did an excellent job with all of your CDG posts, including your Nursing Care Map. Keep up all your hard work! BL

* End-of-Program Student Learning Outcomes

Week 3 (3f)- CDG posts regarding clinical experience for Sandusky Artisans was completed on time and following all requirements provided on CDG rubric, great job!
(3d) This competency was not completed during the clinical experiences you had this week. Make sure you are thorough and address those competencies that are appropriate. FB

Week 4-3(f) Satisfactory completion of your CDG posts this week. Your responses were very thorough and reflected much knowledge and understanding. Excellent job!
BL

Objective

4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*

Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
a. Discuss the safe administration of medication while observing the six rights of medication administration. (responding)	NA	S	NA	S						
b. Demonstrate ability to discuss the uses and implication of psychotropic medications. (responding, reflecting)	NA	S	NA	S						
c. Identify the major classification of psychotropic medications. (interpreting)	NA	S	NA	S						
d. Identify common barriers to maintaining medication compliance. (reflecting)	NA	S	NA	S						
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. (responding, reflecting)	NA	S	NA	S						
Faculty Initials	BL	BL	FB	BL						

Comments:

Week 2-4(a-e) Excellent job demonstrating knowledge of frequently prescribed medications utilized in treating mental illness through one-on-one discussion with your instructor during clinical. BL

Week 4-4(a-e) Great job discussing all of these competencies through one-on-one discussion with your instructor during clinical, as well as in your CDG this week. BL

* End-of-Program Student Learning Outcomes

Objective

5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness. (noticing, interpreting)	NA	NA	NA	NA						
b. Discuss recommendations for referrals to appropriate community resources and agencies. (reflecting)	NA	NA	NA	NA						
c. Attend Erie County Health Department Detox Unit observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit)	NA	NA	NA	NA						
d. Attend Narcotics/Alcoholics Anonymous meeting. (Alcoholics/Narcotics Anonymous at the Artisans of Sandusky Observation)	NA	NA	S	NA						
Faculty Initials	BL	BL	FB	BL						

Comments: Week 3 (5d)- Great job with CDG post related to clinical experience at Sandusky Artisans. FB

* End-of-Program Student Learning Outcomes

Objective

6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
Competencies:	NA	S	NA	S						
a. Demonstrate competence in navigating the electronic health record. (responding)	NA	S	NA	S						
b. Demonstrate satisfactory documentation of physical and psychiatric assessments and nursing notes utilizing the electronic health record. (responding)	NA	NA	NA	NA						
c. Demonstrate the use of technology to identify mental health resources. (responding)	NA	S	NA	S						
Faculty Initials	BL	BL	FB	BL						

Comments:

Week 2-6(a) Great job this week navigating Meditech to research information in your patient's electronic health record and medication record. BL

Week 4-6(c) Excellent job discussing the use of technology to identify mental health resources for patients in need in your CDG this week. You gave several great examples. BL

* End-of-Program Student Learning Outcomes

Objective

7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*

Weeks of Course:	1	2	3	4	5	6	7	8	9//Make Up	Final
a. Identify your strengths for care delivery of the patient with mental illness. (reflecting)	NA	S	S	S						
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. (responding)	NA	S	NA	S						
c. Illustrate active engagement in self-reflection and debriefing. (reflecting)	NA	S	NA	S						
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE” – attitude, commitment, and enthusiasm during all clinical interactions. (responding)	NA	S	S	S						
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (responding)	NA	S	S	S						
f. Comply with the standards outlined in the FRMCSN policy, “Student Conduct While Providing Nursing Care.” (responding)	NA	S	S	S						
Faculty Initials	BL	BL	FB	BL						

Comments:

Week 2 7a: My area of strength this week were knowing how to converse with mental health patients as time went on. At first I was nervous for trying to find the right things to say but it came natural as the conversations went on. I also felt it was easier to debrief with this clinical because mental health is so interesting to me and always have been so I feel like an open book. Also not sure if we needed a comment for this so I added one just in case. Excellent job, Katelyn! You did a great job utilizing therapeutic communication this week. You are correct, this competency requires a written comment for the weeks you have a clinical experience. BL

Week 3 7A: My area of strength this week was feeling comfortable attending an Open Recovery meeting. It felt great to sit and listen to the individuals in recovery and speak freely of things that I’m proud of and grateful for. Great job with participation, acting in a professional manner, and exhibiting ACE during your clinical experience. FB

Week 4 7A: My area of strength this week was being able to stay busy on 1S because it wasn't a very interactive week with the patients. When I had down time I utilized the intranet to find information on resources, reviewed my patient's chart in depth, and looked up all medications. I completed two activities with the patient's to allow them to identify feelings that make them sad, happy, mad, etc. which could be triggers and had them let them go which you could tell a few of the patient's were truly ready to let go of certain things. Also we all finished a hard 500-piece puzzle within an hour!! Excellent job, Katelyn! You did a great job this week.
BL

Firelands Regional Medical Center School of Nursing
Care Map Grading Rubric

Course Objective: Synthesize concepts related to psycho-pathology, health assessment data, evidence based practice, and the nursing process using clinical judgment skills to plan and care for patients with mental illness.		Student Name: Katelyn Howard Date: 06/16-06/17/2022				
Top Nursing Priority: Disturbed Thought Processes						
		3 Points >75% Complete	2 Points 50-75% Complete	1 Point <50% Complete	0 Points 0% Complete	Comments
Noticing	Identify all abnormal assessment findings, subjective and objective	3				Excellent job including all abnormal subjective and objective assessment findings for your patient.
	Identify all abnormal lab finds/diagnostic tests	3				Great job including that the patient was found to be positive for THC. The use of substances can alter a patient's treatment plan.
	Identify all risk factors	3				
	Highlight all related/relevant data in the noticing boxes	3				
Interpreting	List all nursing priorities	3				Great job listing all your nursing priorities! You may also consider including complicated grieving being that the patient recently lost his father.
	Highlight the top mental health nursing priority	3				Disturbed thought processes
	Identify all potential complications	3				Great job!
	Highlight potential complications relevant to top mental health nursing priority	3				
	Identify signs and symptoms to monitor for each complication	3				
Responding	List all nursing interventions relevant to top mental health nursing priority	3				Excellent job with all your nursing interventions!
	Interventions are prioritized	3				
	All interventions include a frequency			1		Remember to include a frequency for all interventions.
	All interventions are individualized and realistic	3				
	An appropriate rationale is included for each intervention	3				
Reflectin	List the reassessment findings for the top mental health nursing priority	3				Excellent job!
	Reflection includes one of the following statements:	3				

g	<ul style="list-style-type: none"> • Continue plan of care • Modify plan of care • Terminate plan of care <p>Discuss pertinent Social Determinants of Health for your patient</p>					
48-33 points = Satisfactory 32-17 points = Needs Improvement ≤ 16 points = Unsatisfactory		Total Points Earned: 46/48 Comments: Satisfactory Nursing Care Map. Excellent job! Faculty Initials: BL

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:
