

Firelands Regional Medical Center School of Nursing  
Nursing Care Map Rubric

Student Name: <b>Tabitha Thom</b>		Course Objective: <b>Utilize steps of the nursing process including clinical judgment in the formulation of an evidence-based, patient-centered plan of care. (1,2,3,4,5)*</b>					
Date or Clinical Week: <b>09/23/2022</b>							
Criteria		3	2	1	0	Points Earned	Comments
<b>Noticing</b>	1. Identify all abnormal assessment findings. (subjective and objective)	(lists at least 7*) <b>*provides explanation if &lt; 7</b>	(lists 5-6)		(lists < 5 or gives no explanation)	3	<b>Excellent job identifying abnormal assessment findings, abnormal labs/diagnostic tests, and risk factors. You would also want to include the patient's Fall Risk Assessment score of 19 and that the wounds have been present for 3 months and worsening over the last 2 days. You correctly highlighted all of the related/relevant data from the noticing boxes to help develop a priority nursing problem.</b>
	2. Identify all abnormal lab findings/diagnostic tests.	(lists at least 3*) <b>*provides explanation if &lt; 3</b>			(lists < 3 or gives no explanation)	3	
	3. Identify all risk factors.	(lists at least 5*) <b>*provides explanation if &lt; 5</b>	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)	3	
	4. Highlight all of the related/relevant data from the Noticing boxes to develop a priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
<b>Interpreting</b>	5. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	2	<b>Great job listing appropriate nursing priorities for the patient and correctly identifying the top priority. There are a few additional priorities that would have been important to include such as ineffective peripheral tissue perfusion, deficient fluid volume, impaired skin integrity, and risk for pressure ulcer. Great job identifying potential complications and providing signs and symptoms for each. You may have also considered including osteomyelitis as a potential complication related to your top priority as well.</b>
	6. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)	3	
	7. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists at least 2)		(lists < 2)	3	
<b>Responding</b>	8. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	<b>Excellent job listing nursing interventions relevant to the top nursing priority. Some additional interventions you may have considered would be an integumentary assessment (to assess skin turgor), performing wound dressing changes, and administering the ordered Normal Saline @ 100 mL/hr</b>
	9. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	10. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete	3	

Firelands Regional Medical Center School of Nursing  
Nursing Care Map Rubric

	11. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete	3	<b>IV. Overall, you did a great job prioritizing your interventions. Remember to prioritize medications after you complete your assessments.</b>
	12. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
<b>Reflecting</b>	13. List the reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete	2	<b>Overall, very nice job. Remember to include a reassessment for all of the highlighted information in the noticing boxes.</b>
	14. Evaluation includes one of the following statements: <ul style="list-style-type: none"> <li>• Continue plan of care</li> <li>• Modify plan of care</li> <li>• Terminate plan of care</li> </ul>	Complete			Not complete	3	
<p>Total Possible Points= 42 points  42-30 points = Satisfactory  29-18 points = Needs Improvement*  &lt; 18 points = Unsatisfactory*  <b>*Total points adding up to less than or equal to 29 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.</b></p>						<b>Total Points: 40/42 = 95.24%</b>	
<p><b>Faculty/Teaching Assistant Comments: Tabitha, excellent job with your Nursing Care Map assignment! Please review all my feedback above. Should you have any questions or concerns, please do not hesitate to contact me.</b></p>						<b>Faculty/Teaching Assistant Initials: BL</b>
