*Course Objectives

Comments:

Week 6 (Wound Care): You have satisfactorily demonstrated competency in the skill of wound assessment and care (Dry Sterile Dressing & Sterile Wet to Dry Dressing), and completed Meditech documentation related to wound care. Nice job! You also did a great job participating in the restraint station as well. BL

Week 9 (NG Insertion/Care): Great job this week in lab demonstrating competence for Nasogastric Tube Insertion, Irrigation, and Removal through guided observation. You were able to verbalize understanding of the difference between irrigation and flushing, aspiration precautions, and familiarized yourself with the wall suction set up. Additionally, you participated in the PO intake station for accurate calculation of carbohydrate intake, accurately measured gastric output through the NG tube, and completed the assigned documentation in Meditech accurately. Keep up the hard work! BL

Week 10 (Foley Insertion/Care):

Week 11 (Head to Toe Assessment):

Week 12 (Documentation):
