Dear Nursing Management,

I am writing to inform you I must submit my resignation from my full-time registered nurse position on 4P. This is effective two weeks from today on February 8th, 2024.

I have chosen to leave due to an opportunity presented to me at a different hospital that has been a dream of mine. My time working here at Firelands has made me grow into the nurse and person I am today, and I am forever grateful. I have enjoyed working alongside my coworkers the past year and appreciate all the guidance they provided me as I began my career. Firelands Health has become a second home to me, so it brings me sorrow to leave. However, I know the experience I have gained here will ensure me success in my future endeavors.

Let me know if there is anything I can do to assist in this transition. Thank you again for this opportunity.

Sincerely,

Marisol A Fick
