Nursing Management
Firelands Regional Medical Center
1111 Hayes Ave
Sandusky, Ohio 44870

Dear Nursing Hiring Manager,

Hello! My name is Marisol Fick. I am graduating from the Firelands Medical Center School of Nursing this spring on May 5, 2023. I am seeking employment for after graduation. I plan to take the licensure examination for registered nursing on May 30th, 2023. I would be available to start working June 11th, 2023. I am interested in this facility because of the community feel and potential for growth and experience. I have enjoyed my time working as a PCT and my clinical experience here at Firelands. I prefer to work in a progressive care setting or med surg unit, especially 4P.

I feel I am qualified for this job due to my clinical experience in the past 2 years caring for patients in med-surg, critical care and OB units. As well as my patient care technician position in the emergency room at Firelands. I have had to work under quick and stressful situations in the ER and I feel it has given me a lot of experience going into my nursing career. I feel my best skills are communication, organization, goal-oriented, compassion, confidence, and teamwork. Over the years I have had many jobs where I have had to work together with many kinds of people and have thrived. I look forward to becoming a registered nurse and making a difference in the field.

I am available to meet at your convenience for an interview if offered. Thank you for taking the time to read my application, my resume is attached. I look forward to hearing a response back from you and continuing to have future conversations.

I can be reached at 567-201-3019 and my email is marisolfick8@gmail.com.

Sincerely,

Marisol A Fick
