I regret to inform you that I am submitting my resignation from Firelands Regional Medical Center. It was a privilege and honor to be considered for the position, however another opportunity has been offered to me. I am truthfully grateful for all the acquaintances I have made. Everyone has been helpful and encouraging. I will never forget the memories I have created here.

My last day at Firelands will be January 28, 2023. I wish everyone the best and hope for success in all future endeavors.

Sincerely,

Tamica Ivey
