

Z- CH # 23

ON-LINE CONTENT (1H)

Review the assignment and place your answers to the questions in the Z-CH # 23 drop box by 0800 on March 27, 2023.

In order to receive full credit (1H class time) for this assignment, it must be completed in its entirety by the due date/time assigned. Any assignment not completed in its entirety will result in missed class time.

Patients often use the Internet to search for health-related issues. Search the Internet for any health-related issue of your choosing. Evaluate the website by answering the following questions:

1. Do the authors have qualifications listed? What are their qualifications? What is the domain? (.gov, .edu, .org)
The author was listed, and the qualifications listed was MD. The domain was .gov.
2. When was the site created? When was the site last updated or revised?
I could not find on the website the date it was created but the last time the site was updated was 1/7/22
3. Who is the targeted audience? Does the web site present facts or opinions?
Main audience of this website is gay men, and the site presents facts along with scientific data.
4. How complete and accurate is the content information? Does it agree with other expert sources?
The information is completely accurate and agrees with expert sources.
5. Does the site load quickly? Is it a secured site? Are there graphics, or pictures on the page that serve a purpose? If so, what are they and how do they relate to the health issue?
Yes, the site loaded quickly and is secure. There were some graphics on the website but not many they were more of just the medication that was being talked about.
