

EVALUATION OF CLINICAL PERFORMANCE TOOL
Maternal Child Nursing – 2023

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Melinda Pickens

Final Grade: Satisfactory/Unsatisfactory

Semester: Fall

Date of Completion:

Faculty: Kelly Ammanniti, MSN, RN, CHSE; Monica Dunbar DNP, RN;
Brian Seitz, MSN, RN, CNE; Rachel Haynes MSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

Care Maps
Patient/Family Education
Preparedness for Clinical/Clinical Performance
Online Clinical Discussion Groups
Administration of Medications
Nursing Skills Completion of Clinical Performance Tool
Written Reports of Clinical Experiences
Documentation
Conferences with the Faculty
Lasater Clinical Judgment Rubric
vSim
Simulation Scenarios

Absence: (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make-up (/Date/Time)

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe; accurate each time; skillful in parts of behavior; focuses more on the skill and self rather than the patient; inefficient, uncoordinated, anxious, worried, flustered at times; expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues; faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from instructor or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available

Objective																		
1. Describe the principles of growth and development and knowledge of pathophysiology as a basis for the provision of safe, quality nursing care to children and the childbearing family across the health-illness continuum. (1,2,3,4,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
Competencies:																		
a. Provide care utilizing techniques and diversions appropriate to the patient's level of development.		S	N/A	N/A														
b. Provide care using developmentally appropriate communication.		S	N/A	N/A														
c. Use systematic and developmentally appropriate assessment techniques.		S	N/A	N/A														
d. Describe safety measures for various stages of development. (i.e. monitoring fall risks, restraints, and DVT assessment)		S	N/A	N/A														
e. Identify stage of growth and development (Erikson's Stages)(List Below and explain reason for choice)*		S	N/A	N/A														
Clinical Location Age of patient		FT ER 31	N/A	Sim ulation														
		RH	RH															

Comments:

E. Intimacy vs. Isolation was the stage of growth and development the patient was in. The reason I chose this one was because the patient initially came in by himself and was trying to call people while struggling to breathe and while we were trying to gather information. The patient after we got him checked in was not alone as he had his dad, girlfriend, and friends coming in to check on him. RH

Objective																		
1. Describe the principles of growth and development and knowledge of pathophysiology as a basis for the provision of safe, quality nursing care to children and the childbearing family across the health-illness continuum. (1,2,3,4,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
Competencies:		N/A	N/A	N/A														
f. Describe psychological changes in response to the expectant mother's pregnancy. Maternal																		
g. Discuss prenatal influences on the pregnancy. Maternal		N/A	N/A	N/A														
h. Identify the stage and progression of a woman in labor. Maternal		N/A	N/A	N/A														
i. Discuss family bonding and phases of the puerperium. Maternal		N/A	N/A	N/A														
j. Identify various resources available for children and the childbearing family.		N/A	N/A	N/A														
k. Value patient's perspective, diversity, age and cultural factors that influence their behaviors.		S	N/A	N/A														
l. Respect the centrality of the patient/family as core members of the health team.		S	N/A	N/A														
		RH	RH															

Comments:

Week 2: 1(a, k): Great job describing your patient and their cultural implications related to their plan of care. RH

Objective																		
2. Integrate principles of decision-making in utilizing evidenced-based practice in the nursing process in providing care for the childbearing family and children encompassing cultural sensitivity and diversity. (1,2,3,4,5)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
a. Engage in discussions of evidenced-based nursing practice.		S	N/A	N/A														
b. Perform nursing measures safely using Standard precautions.		S	N/A	N/A														
c. Perform nursing care in an organized manner recognizing the need for assistance.		S	N/A	N/A														
d. Practice/observe safe medication administration.		S	N/A	N/A														
e. Calculate pediatric and adult drug dosages correctly and determine appropriateness of the dose.		S	N/A	N/A														
f. Utilize information obtained from patients/families as a basis for decision-making.		S	N/A	N/A														
g. Identify factors associated with Social Determinants of Health (SDOH) &/or cultural elements that have the potential to influence patient care.** (Noticing, Interpreting, Responding, Reflecting) (List Below)*		S	N/A	N/A														
		RH	RH															

Comments:

G. The patient was young and had a good support system of friends and family. His father was there and was able to help fill in gaps in his health as needed, and the patient allowed. Also, the patient is in school and interns as a medic to become a medic, so they had a decent understanding of how the medical field works and what procedures would needed to be done. Patient was also able to provide us with information that was needed to help determine what might be causing his SOB. RH

Objective																		
3. Summarize the legal, moral and ethical issues related to care of children and the childbearing family. (2,6,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
a. Act with integrity, consistency, and respect for differing views.		S	N/A	N/A														
b. Respect the privacy of patient health and medical information as required by federal HIPAA regulations.		S	N/A	N/A														
c. Follow the standards outlined in the FRMCSN policy, “Student Code of Conduct”		S	N/A	N/A														
d. Critique examples of legal or ethical issues observed in the clinical setting. (List Below)*		S	N/A	N/A														
		RH	RH															

Comments:

D. In the report we were told that the patient was on 2L of oxygen on nasal cannula, but upon entering their room we observed that they were on 4L of oxygen. Talking with the patient he told us that he turned it up to help him breathe better. This could be an issue because we were told one thing and while we want him to be informed and make decisions for his care, increasing his oxygen without our knowledge could cause more issues in the end. We as nurses didn't know when or for how long he was on the 4L of oxygen. Patients who work in healthcare can be some difficult patients to manage because they will want to do something their way rather than listening or following the prescriber's orders. This could be an issue if the patient were to self medicate with controlled substances and overdoses on that medication because they were not taking it as prescribed. RH

Objective																		
4. Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
a. Develop and implement a priority care map utilizing the nursing process and clinical judgment. (Noticing, Interpreting, Responding, Reflecting)		N/A	N/A	N/A														
b. Develop and implement a plan of care utilizing the nursing process and clinical judgment. (Noticing, Interpreting, Responding, Reflecting)		N/A	N/A	N/A														
c. Document assessment findings, interventions, and outcomes accurately on appropriate forms. (Including risk assessment and monitoring of wound care)		N/A	N/A	N/A														
d. Summarize witnessed examples of patient/family advocacy.		S	N/A	N/A														
e. Provide patient centered and developmentally appropriate teaching.		S	N/A	N/A														
f. Analyze the involved pathophysiology of the patient's disease process. (noticing, interpreting, responding)		S	N/A	N/A														
		RH	RH															

Comments:

Week 2: 4(b)- Great interventions for you patient in the ED and describing how the patient responded. Did you do these all on your own (with your preceptor) or were there more than one nurse in the room? How was the teamwork of the nurses in relation to these interventions? RH

Student Name:				Course 4			
Date or Clinical Week:				Objective:			
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)		
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)		
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)		
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	5. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	6. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)		
	7. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)		
Responding	8. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	9. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete		
	10. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete		
	11. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete		

	12. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete		
Reflecting	13. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete		
	14. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete		
Total Possible Points= 42 points 42-33 points = Satisfactory 32-21 points = Needs Improvement* < 21 points = Unsatisfactory* *Total points adding up to less than or equal to 32 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines. Faculty/Teaching Assistant Comments:							Total Points: Faculty/Teaching Assistant Initials:

Objective																		
4. Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
g. Correlate the diagnostic tests with the patient's disease process. (noticing, interpreting, responding)		S	N/A	N/A														
h. Correlate the pharmacotherapy in relation to the patient's disease process. (noticing, interpreting, responding)		S	N/A	N/A														
i. Correlate the medical treatment in relation to the patient's disease process. (noticing, interpreting, responding)		S	N/A	N/A														
j. Correlate the nutritional needs/diet in relation to the patient's disease process. (noticing, interpreting, responding)		S	N/A	N/A														
k. Correlate the patient's growth and developmental level in relation to the patient's disease process. (noticing, interpreting, responding)		S	N/A	N/A														
		RH	RH															

Comments:

Week 2: 4(h, i)- Good description of interventions and WHY you performed them by connecting them to the disease process. What a great experience to see and use COVID precautions with your patient while ruling it out as a diagnosis. RH

Objective																		
5. Collaborating professionally with members of the health care team, childbearing and child-rearing families, faculty, and peers through written, verbal and nonverbal methods, and by conferencing, networking, and posting through computer technology. (1,3,5,6,7,8)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
a. Demonstrate interest and enthusiasm in clinical activities.		S	N/A	N/A														
b. Evaluate own participation in clinical activities.		S	N/A	N/A														
c. Communicate professionally and collaboratively with members of the healthcare team.		S	N/A	N/A														
d. Document assessment findings, interventions, and outcomes accurately in the electronic health record.		N/A	N/A	N/A														
e. Demonstrate skill in accessing and navigating information in the electronic health record. (Responding)		N/A	N/A	N/A														
f. Clearly communicate care provided and needed at each transition in care using hand off communication techniques. (I-SBAR-R)		N/A	N/A	N/A														
g. Consistently and appropriately post comments in clinical discussion groups.		S	N/A	N/A														
		RH	RH															

Comments:

Week 2: 5(a)- there is so much technology in the ED and I am glad you were able to experience some new procedures and how it improves/helps with patient care. RH

*End-of-Program Student Learning Outcomes

Objective																		
6. Critique own strengths and areas for improvement modifying behaviors accordingly to achieve personal and professional goals. (7,8)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/25	9/1	9/8	9/15	9/22	9/29	10/6		10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1		
a. Recognize areas for improvement and goals to meet these needs. (List Below)*		S	N/A	N/A														
b. Accept responsibility for decisions and actions.		S	N/A	N/A														
c. Demonstrate evidence of growth and self-confidence.		S	N/A	N/A														
d. Demonstrate evidence of research in being prepared for clinical.		S	N/A	N/A														
e. Exhibits professional behavior i.e. appearance, responsibility, integrity, and respect.		S	N/A	N/A														
f. Describe initiatives in seeking out new learning experiences.		S	N/A	N/A														
g. Demonstrate ability to organize time effectively.		S	N/A	N/A														
h. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions.		S	N/A	N/A														
i. Demonstrates growth in clinical judgment.		S	N/A	N/A														
		RH	RH															

Comments:

A.) An area of improvement I have is my communication. From the ER clinical I observed that to get an idea of what is going on with your patients that you must talk with them and know what questions to ask. Over the next week I plan to look at different case studies for different disease processes and practice what questions I would ask patients as well as what things I would want to observe for. For example, the patient I had with SOB, how long has this been going on for? Have you been around anyone that is sick? As well as wanting to observe his respiratory rate, oxygen saturation, and lung sounds. **This does get easier to do with practice. It also helps when you are used to the charting and you know everything that needs charted on as it can assist you in guiding your questions. RH**

***End-of-Program Student Learning Outcomes**

Week 2: Feedback from ED RN: “Excellent in all areas. Opportunity to do IV saline flush, PO Meds, IM Injection, Remove medication, Patient Education, Respect privacy. Comments: Very Involved!” Keep up the great work! RH

EVALUATION OF CLINICAL PERFORMANCE TOOL
Maternal Child Nursing – 2023
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date: _____
