

EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Access–2023

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Anthony Drivas

Semester: Fall

Faculty: Brittany Lombardi, MSN, RN, CNE
Dawn Wikel, MSN, RN, CNE
Frances Brennan, MSN, RN

Final Grade: Satisfactory/Unsatisfactory

Date of Completion:

Faculty eSignature:

DIRECTIONS FOR USE:

Students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for the clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

Lasater Clinical Judgment Rubric
Faculty Feedback
Skills Demonstration
Evaluation of Clinical Performance Tool
Documentation
Skills Lab Competency Tool
Simulation Evaluation Tool
Skills Lab Checklist/Checkoff

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Faculty's Name			Initials
Brittany Lombardi			BL
Dawn Wikel			DW
Frances Brennan			FB

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe; accurate each time; skillful in parts of behavior; focuses more on the skill and self rather than the patient; inefficient, uncoordinated, anxious, worried, flustered at times; expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues; faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/patients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective					
1. Recognize the needs of the individual including respect for diversity using a patient-centered approach and therapeutic communication. (1,2,3,4)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
Competencies:					
a. Identify spiritual needs of the patient and cultural factors which influence healthcare (Noticing) .					
b. Coordinate care based on respect for patient's preferences, values, and needs (Responding) .					
c. Use Maslow's Hierarchy of needs to determine the care needs of the assigned patient (Interpreting) .					
d. Communicate effectively with patients and families (Responding) .					
Faculty Initials					
Clinical Location			3T		

* End-of-Program Student Learning Outcomes

Comments:

Objective					
2. Utilize steps of the nursing process including clinical judgment in the formulation of an evidence-based, patient-centered plan of care. (1,2,3,4,5)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
a. Consider possible cause for all abnormal vital signs and assessment findings (Interpreting) .					
b. Utilize clinical judgment skills to develop a patient-centered plan of care (Responding) .					
Faculty Initials					

* End-of-Program Student Learning Outcomes

Comments:

Objective					
3. Demonstrate effective psychomotor skills and accurate use of technology in performing assessments and documenting safe nursing care. (1,2,3,4,5,8)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
Competencies:					
a. Perform a physical assessment and obtain vital sign measurements utilizing correct techniques (Noticing) .					
b. Access medical information of assigned patient in Electronic Medical Record (Noticing) .					
c. Demonstrate correct body mechanics and practice safety measures during the provision of patient care (Responding) .					
d. Demonstrate beginning skill in accessing patient education material on intranet (Responding) .	S				
e. Document the physical assessment and vital signs for assigned patient according to policy (Responding) .					
f. Identify the action, rationale, dosage, side effects and the nursing implications of medications (Interpreting) .					
g. Administer oral, intra-muscular, subcutaneous, and intradermal medications using correct techniques and following the six rights of medication administration (Responding) .					
h. Document medication administration appropriately (Responding) .					
i. Apply the principles of asepsis and standard precautions (Responding) .					
j. Organize time providing patient care efficiently and safely (Responding) .					
Faculty Initials	BL				

*Week 5: Meditech Expanse

*Week 12: BMV

* End-of-Program Student Learning Outcomes

Comments:

Week 5-3(d) Excellent job this week navigating Meditech and demonstrating beginning skill in accessing patient education material on the intranet. BL

Objective					
1. Choose evidence-based strategies and legal-ethical concepts which may be applied to health care settings. (7)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
Competencies:					
a. Comply with patient's Bill of Rights (Responding) .					
b. Respect the privacy of patient health and medical information as required by federal HIPAA regulations (Responding) .					
c. Follow the standards outlined in the FRMCSN policy, "Student Code of Conduct" (Responding) .					
Faculty Initials					

* End-of-Program Student Learning Outcomes

Comments:

Objective					
2. Analyze and discuss specific role changes necessary to transition from licensed practical nurse to registered nurse. (1,3,4,5,6,7,8)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
Competencies: a. Incorporate instructor feedback for improvement and growth (Reflecting) .	S				
b. Reflect on differences between RN and LPN role in the acute care setting (Reflecting) .					
c. Discuss care and tasks that are appropriate to delegate related to assigned patient (Reflecting) .					
Faculty Initials	BL				

Objective					
4. Develop an individualized teaching plan based on patient needs. (2,3,5,6)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
Competencies: a. Utilize appropriate resources and terminology when providing patient education (Responding) .					
Faculty Initials					

* End-of-Program Student Learning Outcomes

Comments:

* End-of-Program Student Learning Outcomes

Comments:

Objective					
5. Establish personal goals for success in the RN nursing program based upon concepts of self-directed learning, time management, and values clarification. (7)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
Competencies:					
a. Reflect on areas of strength** (Reflecting) .	S				
b. Reflect on areas for self-growth with a plan for improvement.** (Reflecting) .	S				
c. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect (Responding) .	S				
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE”- attitude, commitment, and enthusiasm during all clinical interactions (Responding) .	S				
e. Actively engage in self-reflection (Reflecting) .	S				
Faculty Initials	BL				

****7(a,b)-You must provide specific examples of areas of strength and areas for self-growth. You must also provide an explanation of how you will improve in your area for self-growth. Remember that a goal includes what you will do to improve, how often you will do it, and when you will do it by. Example, “I had a hard time with taking a manual BP. I will get a BP cuff and practice manual BP’s with at least three members of my family over the next week.” Please ensure that you answer this section in-depth with your plan of action.**

Comments:

A strength I believe I have is understanding the Meditech charting system very easily and being able to navigate it with ease. BL An area for me to reflect on and that I need self growth in is being able to sperate my real life experiences from the work book because in doing so I believe my test scores will start to improve. A goal I could set is studying the written content 2-3 hours a day so I don’t get myself confused when taking our tests. Anthony, thank you for taking time to reflect on an area that you can improve in the course. Previous experience can sometimes be a barrier if you are having to learn something a new or different way. Keeping up with evidence-based practice is essential in order to ensure positive patient outcomes. I think you have identified a great plan to help you improve. Moving forward, you will want to identify areas that you feel you can grow in the clinical setting when addressing this competency. It will become easier to do so when you have more direct patient care experiences. Keep up all your hard work this semester! BL
