

**EVALUATION OF CLINICAL PERFORMANCE TOOL  
Nursing Foundations – 2023**

**Firelands Regional Medical Center School of Nursing  
Sandusky, Ohio**

**Student:**

**Final Grade: Satisfactory/Unsatisfactory**

**Semester: Fall**

**Date of Completion:**

**Faculty: Frances Brennan, MSN, RN; Amy Rockwell, MSN, RN;  
Chandra Barnes, MSN, RN; Nick Simonovich, MSN, RN**

**Faculty eSignature:**

**DIRECTIONS FOR USE:**

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student’s evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a “S, NI, U, or NA”. If the student does not self-rate, then it is an automatic “U”. A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s) for that clinical week. Whenever a student receives a “U” in a competency, it must be addressed with a comment as to why it is no longer a “U” the following week. If the student does not state why the “U” is corrected, it will be another “U” until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

**METHODS OF EVALUATION:**

- |  |                     |
|--|---------------------|
| Skills Lab Checklists                    | Faculty Feedback    |
| Care Map Grading Rubric                  | Documentation       |
| Administration of Medications            | Clinical Reflection |
| Simulation Scenarios                     |                     |
| Skills Demonstration                     |                     |
| Evaluation of Clinical Performance Tool  |                     |
| Clinical Discussion Group Grading Rubric |                     |
| Lasater Clinical Judgment Rubric         |                     |

**ABSENCE (Refer to Attendance Policy)**

Nicholas Simonovich			NS

## **PERFORMANCE CODE**

### **SATISFACTORY CLINICAL PERFORMANCE**

**Satisfactory (S):** Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

### **UNSATISFACTORY CLINICAL PERFORMANCE**

**Needs Improvement (NI):** Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

### **OTHER**

**Not Available (NA):** The clinical experience which would meet the competency was not available.

**\*Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.**

---

Objective																		
1. Describe how diverse cultural, ethnic, and social backgrounds function as sources of patient, family, and community values. (2,4,6)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
<b>Competencies:</b>																		
a. Identify spiritual needs of patient (Noticing).																		
b. Identify cultural factors that influence healthcare (Noticing).																		
c. Coordinate care based on respect for patient's preferences, values, and needs (Responding).						S												
d. Use Maslow's Hierarchy of needs to determine the care needs of the assigned patient (Interpreting).						S												
						3T 60 year old												

Clinical Location:  
Patient age\*\*

**Comments**  
**\*\*Document your clinical location and patient age in the designated box above.**  
 \* End-of-Program Student Learning Outcomes  
 Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
2. Summarize knowledge of anatomy, physiology, chemistry, nutrition, psychosocial and developmental principles in performance of basic physical assessment through use of clinical judgment skills. (3,4, 5)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
<b>Competencies:</b>						S												
a. Perform head to toe assessment utilizing techniques of inspection, palpation and auscultation (Responding).																		
b. Use correct technique for vital sign measurement (Responding).						S												
c. Conduct a fall/safety assessment and institute appropriate precautions (Responding).						S												
d. Conduct a skin risk assessment and institute appropriate precautions (Responding).																		
e. Collect the nutritional data of assigned patient (Noticing).																		
f. Demonstrates appropriate insertion, maintenance, and/or removal of NG tube (Responding).																		
g. Describe the findings and the rationale for diagnostic studies with the nursing implications for assigned patient (Interpreting).																		

**Comments**

Objective
7. Convert basic pharmacology principles into safe medication administration. (3,5,6,7)*

Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
<b>Competencies:</b>																		
a. Identify the action, rationale, dosage, side effects and the nursing implications of medications (Interpreting).																		
b. Recognize patient drug allergies (Interpreting).																		
c. Practice the 6 rights and 3 checks prior to medication administration (Responding).																		
d. Administer oral, intramuscular, subcutaneous, and intradermal medications using correct techniques (Responding).																		
e. Review the patient record for time of last dose before giving PRN medication (Interpreting).																		
f. Assess the patient response to PRN medications (Responding).																		
g. Demonstrate medication administration documentation appropriately using BMV (Responding).																		
<b>*Week 11: BMV</b>																		

**Comments**

\* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
8. Exemplify professional conduct through self-reflection, responsibility for learning, and goal setting. (1,5,7)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
<b>Competencies:</b>						S												
a. Reflect on areas of strength** (Reflecting)																		
b. Reflect on areas for self-growth with a plan for improvement. ** (Reflecting)						IM												
c. Incorporate instructor feedback for improvement and growth (Reflecting).																		
d. Follow the standards outlined in the FRMCSN policy, "Student Code of Conduct" (Responding).						S												
e. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions (Responding).						S												
f. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect (Responding).						S												
g. Comply with patient's Bill of Rights (Responding).						S												
h. Respect the privacy of patient health and medical information as required by federal HIPAA regulations (Responding).						S												
i. Actively engage in self-reflection. (Reflecting)																		

**\*\* Strength/weakness reflection (a,b): Must have different written example each week of clinical/lab. You must explain your plan for how you will improve. Example, "I am having a difficult time with obtaining a manual BP. I will get a BP cuff from Amy and practice manual BP's with at least three members of my family this week." Please ensure that you answer this section in-depth with your plan of action. Each week must be different.** I had difficulties with starting a conversation throughout the duration of the head to toe assessment. Over the next several weeks I will work on starting opening conversations with family and friends to be able to communicate with patients in

the hospital setting. A strength that I had during this clinical experience was respecting the patient's privacy and explaining the procedures that I was doing on the patient.

Care Map Grading Rubric

Student Name:		Course Objective: 6* Develop patient-centered plans of care utilizing the nursing process					
Date or Clinical Week:							
Criteria		3	2	1	0	Points Earned	Comments
<b>Noticing</b>	1. Identify all abnormal assessment findings. (subjective and objective)	(lists at least 7*) *provides explanation if < 7	(lists 5-6)		(lists < 5 or gives no explanation)		
	2. Identify all abnormal lab findings/diagnostic tests.	(lists at least 3*) *provides explanation if < 3			(lists < 3 or gives no explanation)		
	3. Identify all risk factors.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)		
	4. Highlight all of the related/relevant data from the Noticing boxes to develop a priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
<b>Interpreting</b>	5. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	6. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)		
	7. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists at least 2)		(lists < 2)		
<b>Responding</b>	8. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	9. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete		
	10. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete		
	11. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete		

	12. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete		
<b>Reflecting</b>	13. List the reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete		
	14. Evaluation includes one of the following statements: <ul style="list-style-type: none"> <li>• Continue plan of care</li> <li>• Modify plan of care</li> <li>• Terminate plan of care</li> </ul>	Complete			Not complete		
<p>Total Possible Points= 42 points  42-30 points = Satisfactory  29-18 points = Needs Improvement*  &lt; 18 points = Unsatisfactory*  <b>*Total points adding up to less than or equal to 29 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.</b></p> <p><b>Faculty/Teaching Assistant Comments:</b></p>						<p><b>Total Points:</b></p>	
						<p><b>Faculty/Teaching Assistant Initials:</b></p>

Faculty Initials		
<b>Remediation:</b> Date/Evaluation/Initials		

\* Course Objectives

- A. Reflect on an area of strength after observing/participating in each simulation scenario.**
- B. Recognize one area for improvement and set a goal to meet this need.**

The goal must include what you will do to improve, how often you will do this, and when you will complete the goal (example- "I forgot to raise the head of the bed when the patient began having trouble breathing. I will review the proper nursing interventions for dyspnea in the textbook and on skyscape twice before the next simulation scenario").
