Faculty eSignature: _____

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

ABSENCE (Refer to Attendance Policy)			
Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
CB	Chandra Barnes, MSN, RN		
FB	Fran Brennan, MSN, RN		
BL	Brittany Lombardi, MSN, RN, CNE		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN, CNE		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA																	
a. Manage complex patient care situations with evidence of preparation and organization. (Responding)	NA																	
b. Assess comprehensively as indicated by patient needs and circumstances. (Noticing)	NA																	
c. Evaluate patient's response to nursing interventions. (Reflecting)	NA																	
d. Interpret cardiac rhythm; determine rate and measurements. (Interpreting)	NA																	
e. Administer medications observing the six rights of medication administration. (Responding)	NA																	
f. Perform venipuncture skill with beginning dexterity and evidence of preparation. (Responding)	NA																	
g. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc. (Responding)	NA																	
Faculty Initials																		
Clinical Location	QC																	

Comments:

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA																	
a. Correlate relationships among disease process, patient's history, patient symptoms, and present condition utilizing clinical judgment skills. (Noticing, Interpreting, Responding)	NA																	
b. Monitor for potential risks and anticipate possible early complications. (Noticing, Interpreting, Responding)	NA																	
c. Recognize changes in patient status and take appropriate action. (Noticing, Interpreting, Responding)	NA																	
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (Noticing, Interpreting, Responding, Reflecting) *	NA																	
e. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care. (Responding)	NA																	
Faculty Initials																		

***When completing the 4T Care Map CDG refer to the Care Map Rubric**

Comments:

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid- term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA																	
a. Critique communication barriers among team members. (Interpreting)																		
b. Participate in QI, core measures, monitoring standards and documentation. (Interpreting & Responding)	S																	
c. Discuss strategies to achieve fiscal responsibility in clinical practice. (Responding)	S																	
d. Clarify roles & accountability of team members related to delegation. (Noticing)	NA																	
e. Determine the priority patient from assigned patient population. (Interpreting) (Patient Mgmt.)	NA																	
Faculty Initials																		

Comments:

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5,7)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Critique examples of legal or ethical issues observed in the clinical setting. (Interpreting)																		
b. Engage with patients and families to make autonomous decisions regarding healthcare. (Responding)	NA																	
c. Exhibit professional behavior in appearance, responsibility, integrity and respect. (Responding)	S																	
Faculty Initials																		

Objective 4a: Provide a comment for the highlighted competency each week. If no clinical experiences, put "NA" for that week.

Comments:

Week 2 – An issue that was discussed during this clinical was the use of restraints. Many families of patients may or may not realize why their family member is in restraints. Therefore, it is important that the family members of your patient realize the need for restraints on the patient so it does not become a legal or ethical matter.

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Reflect on your overall performance in the clinical area for the week. (Responding)	S																	
b. Demonstrate initiative in seeking new learning opportunities. (Responding)	S																	
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc. (Interpreting)	S																	
d. Maintain the principles of asepsis and standard/infection control precautions (Responding)	NA																	
e. Practice use of standardized EBP tools that support safety and quality. (Responding)	S																	
f. Utilize faculty feedback to improve clinical performance. (Responding & Reflecting)	S																	
Faculty Initials																		

Comments:

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA																	
a. Establish collaborative partnerships with patients, families, and coworkers. (Responding)																		
b. Teach patients and families based on readiness to learn and discharge learning needs. (Interpreting & Responding)	NA																	
c. Collaborate and communicate with members of the healthcare team, patients, and families to achieve optimal patient outcomes. (Responding)	NA																	
d. Deliver effective and concise hand-off reports. (Responding)	NA																	
e. Document interventions and medication administration correctly in the electronic medical record. (Responding)	NA																	
f. Consistently and appropriately posts in clinical discussion groups. (Responding and Reflecting)	S																	
Faculty Initials																		

Comments:

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery.
(1,3,4,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid- term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Value the need for continuous improvement in clinical practice based on evidence. (Responding)																		
b. Accountable for investigating evidence-based practice to improve patient outcomes. (Responding)	S																	
c. Comply with the FRMCSN "Student Code of Conduct Policy." (Responding)	S																	
d. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions. (Responding)	S

Clinical Date:

1. Provide a description of your patient including current diagnosis and past medical history. (4 points total) - Current Diagnosis (2) - Past Medical History (2)	Total Points: Comments:
2. Describe the pathophysiology of your patient's current diagnosis. (6 points total) Pathophysiology-what is happening in the body at the cellular level (6)	Total Points: Comments:
3. Correlate the patient's current diagnosis with presenting signs and symptoms. (6 points total) - All patient's signs and symptoms included (2) - Explanation of what signs and symptoms are typically expected with this current diagnosis (Do these differ from what your patient presented with?) (2) - Explanation of how all patient's signs and symptoms correlate with current diagnosis. (2)	Total Points: Comments:
4. Correlate the patient's current diagnosis with all related labs. (12 points total) - All patient's relevant lab result values included (3) - Rationale provided for each lab test performed (3) - Explanation provided of what a normal lab result should be in the absence of current diagnosis (3) - Explanation of how each of the patient's relevant lab result values correlate with current diagnosis (3)	Total Points: Comments:
5. Correlate the patient's current diagnosis with all related diagnostic tests. (12 points total) - All patient's relevant diagnostic tests and results included (3) - Rationale provided for each diagnostic test performed (3) - Explanation provided of what a normal diagnostic test result would be in the absence of current diagnosis (3) - Explanation of how each of the patient's relevant diagnostic test results correlate with current diagnosis (3)	Total Points: Comments:
6. Correlate the patient's current diagnosis with all related medications. (9 points total) - All related medications included (3) - Rationale provided for the use of each medication (3) - Explanation of how each of the patient's relevant medications correlate with current diagnosis (3)	Total Points: Comments:
7. Correlate the patient's current diagnosis with all pertinent past medical history. (4 points total)	Total Points: Comments:

• All pertinent past medical history included (2) • Explanation of how patient's pertinent past medical history correlates with current diagnosis (2)	
8. Prioritize nursing interventions related to current diagnosis. (6 points total) • All nursing interventions provided for patient prioritized and rationales provided (6)	Total Points: Comments:
9. Discuss the role of interdisciplinary team members in the care of the patient. (6 points total) • Identifies all interdisciplinary team members currently involved in the care of the patient (2) • Explains how each current interdisciplinary team member contributes to positive patient outcomes (2) • Identifies additional interdisciplinary team members (not involved currently) that should be included in the care of the patient to ensure positive patient outcomes (2)	Total Points: Comments:
Total possible points = 65 51-65 = Satisfactory 33-50 = Needs improvement <32 = Unsatisfactory Course Objective: 2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)* Clinical Competency: 2(a.) Correlate relationships among disease process, patient's history, patient symptoms, and present condition utilizing clinical judgment skills.
