Sandusky, Ohio 44870

Dear Hiring Manager of Firelands Regional Medical Center,

I am excited to apply to a staff nurse position at Firelands Regional Medical Center. Currently, I will graduate from Firelands Regional Medical Center School of Nursing on May 03, 2024. After graduation, I plan to take the licensure examination for registered nursing on May 15, 2024. I have been interested in nursing since I was in kindergarten and staying local and working for my hometown hospital has been a dream of mine since my early years in childhood, so when I saw this job posting, I had to apply.

During my time as a student nurse, I have grown so much as a person and a caregiver. I have worked in Firelands for over a year and have improved my patient centered skills. My favorite part about nursing school has been the autonomy and knowledge I have acquired in these fast years of education. I have acquired my Basic Life Saver and have used it on multiple occasions in my position as a Patient Care Technician in Firelands Emergency Room, using life saving measures such as chest compressions and electrocardiogram patch placement. With that being said, I have used my knowledge of patient care in school which led to me earning a spot as an honor roll student during my Obstetrician and Pediatric semester of school (08/2024 – 12/2024). My speed and intelligence, along with my determination and urge to learn more has led me to want to further myself by working for this unit.

I am available to meet with you at your convience and I do thank you for taking the time to consider me. I look forward to hearing from you!

Sincerely,
Mira E. Sweat
