

EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2024

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Final Grade: Satisfactory/Unsatisfactory

Semester: Spring

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN
 Chandra Barnes, MSN, RN; Brian Seitz, MSN, RN, CNE
 Brittany Lombardi, MSN, RN, CNE

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student’s evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a “S, NI, U, or NA”. If the student does not self-rate, then it is an automatic “U”. A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s) for that clinical week. Whenever a student receives a “U” in a competency, it must be addressed with a comment as to why it is no longer a “U” the following week. If the student does not state why the “U” is corrected, it will be another “U” until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- Clinical Assignments
- Completion of Patient Care
- Meditech Documentation
- Observation of Clinical Performance
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Clinical Discussion Rubric
- Preceptor Feedback
- Nursing Care Map Rubric
- Skills Lab Checklists/Competency Tool
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- Pathophysiology Grading Rubric
- SBAR/Physician Orders Rubric
- Hand-Off Report Competency Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
CB	Chandra Barnes, MSN, RN		
FB	Fran Brennan, MSN, RN		
BL	Brittany Lombardi, MSN, RN, CNE		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN, CNE		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA																	
a. Manage complex patient care situations with evidence of preparation and organization. (Responding)	NA																	
b. Assess comprehensively as indicated by patient needs and circumstances. (Noticing)	NA S																	
c. Evaluate patient’s response to nursing interventions. (Reflecting)	S																	
d. Interpret cardiac rhythm; determine rate and measurements. (Interpreting)	NA																	
e. Administer medications observing the six rights of medication administration. (Responding)	NA																	
f. Perform venipuncture skill with beginning dexterity and evidence of preparation. (Responding)	NA S																	
g. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc. (Responding)	NA																	
Faculty Initials	AR																	
Clinical Location	DH/ CD																	

Comments:

Week 2 (1b)- Satisfactory discussion via CDG posting related to your Cardiac Diagnostics clinical experience. Preceptor comments: “Excellent in all areas. Saw 2 stress tests (GXT) and cardiac cath. She was very engaged and asked very insightful and probing questions! Emily is one of the most engaging students I have ever had!!” (1f)- Great job with several successful IV attempts, appropriate technique was demonstrated. FB Keep up the great work! AR

*End-of- Program Student Learning Outcomes

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective																		
2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*																		
Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Correlate relationships among disease process, patient’s history, patient symptoms, and present condition utilizing clinical judgment skills. (Noticing, Interpreting, Responding)																		
b. Monitor for potential risks and anticipate possible early complications. (Noticing, Interpreting, Responding)	S																	
c. Recognize changes in patient status and take appropriate action. (Noticing, Interpreting, Responding)	NA																	
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (Noticing, Interpreting, Responding, Reflecting) *	NA																	
e. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care. (Responding)	S																	
Faculty Initials	AR																	

***When completing the 4T Care Map CDG refer to the Care Map Rubric**

Comments:

*End-of- Program Student Learning Outcomes

Objective

3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Critique communication barriers among team members. (Interpreting)																		
b. Participate in QI, core measures, monitoring standards and documentation. (Interpreting & Responding)	NA																	
c. Discuss strategies to achieve fiscal responsibility in clinical practice. (Responding)	NA																	
d. Clarify roles & accountability of team members related to delegation. (Noticing)	NA																	
e. Determine the priority patient from assigned patient population. (Interpreting) (Patient Mgmt.)	NA																	
Faculty Initials	AR																	

Comments:

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5,7)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Critique examples of legal or ethical issues observed in the clinical setting. (Interpreting)																		
b. Engage with patients and families to make autonomous decisions regarding healthcare. (Responding)	S																	
c. Exhibit professional behavior in appearance, responsibility, integrity and respect. (Responding)	S																	
Faculty Initials	AR																	

Objective 4a: Provide a comment for the highlighted competency each week. If no clinical experiences, put "NA" for that week.

Comments:

DH Legal/Ethical: An example of a legal or ethical challenge was when we had to start an IV on a patient who came in with wrist and ankle cuffs from prison. The patient was followed in by a police officer and came to the hospital for a procedure. This was an ethical issue I observed because the patient had to be taken out of their orange jumpsuit and handcuffs before we could start an IV on them. A police officer was also monitoring the patient while we were starting the IV on them. **Great example. AR**

CD Legal/Ethical: An example of a legal or ethical challenge I observed during my cardiac diagnostics clinical was when a patient came in for a stress test and couldn't meet the requirements for their work guidelines. The nurse had to have a conversation with the patient that they would have to lose weight and redo their stress test. They also had a conversation about having to receive medical counseling for weight loss to meet their workplace health requirements. **AR**

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Reflect on your overall performance in the clinical area for the week. (Responding)	S																	
b. Demonstrate initiative in seeking new learning opportunities. (Responding)	S																	
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc. (Interpreting)	S																	
d. Maintain the principles of asepsis and standard/infection control precautions (Responding)	S																	
e. Practice use of standardized EBP tools that support safety and quality. (Responding)	S																	
f. Utilize faculty feedback to improve clinical performance. (Responding & Reflecting)	S																	
Faculty Initials	AR																	

Comments:

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Establish collaborative partnerships with patients, families, and coworkers. (Responding)																		
b. Teach patients and families based on readiness to learn and discharge learning needs. (Interpreting & Responding)	NA																	
c. Collaborate and communicate with members of the healthcare team, patients, and families to achieve optimal patient outcomes. (Responding)	S																	
d. Deliver effective and concise hand-off reports. (Responding)	NA																	
e. Document interventions and medication administration correctly in the electronic medical record. (Responding)	NA																	
f. Consistently and appropriately posts in clinical discussion groups. (Responding and Reflecting)	S																	
Faculty Initials	AR																	

Comments:

Week 2 (6f)- Satisfactory CDG posting regarding your Cardiac Diagnostics clinical experience. Keep up the great work! AR

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery.
(1,3,4,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S																	
a. Value the need for continuous improvement in clinical practice based on evidence. (Responding)																		
b. Accountable for investigating evidence-based practice to improve patient outcomes. (Responding)	S																	
c. Comply with the FRMCSN "Student Code of Conduct Policy." (Responding)	S																	
d. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions. (Responding)	S																	
Faculty Initials	AR

***Course Objectives**

Comments:

Meditech Documentation: Satisfactory participation of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders/SBAR: Satisfactory completion of physician's order lab per the SBAR skills competency rubric: phone call to physician with SBAR report, receiving and reading back multiple physician orders, and hand-off report given to the next student in rotation. Discussion of the treatment, medications, and plan of care for a patient experiencing NSTEMI and STEMI. CB/BS

Prioritization/Delegation: Satisfactory completion of the prioritization and delegation skills lab. You satisfactorily prioritized care for multiple patients using multiple methods (e.g. Maslow's hierarchy of needs, ABC, Nursing Process, etc.). You were able to appropriately delegate nursing tasks for patients, and you actively participated in the group discussion on delegation of nursing tasks. Great job! BL

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, discussion regarding use of and ventilation with bag-valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

IV Start: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. FB/BL/CB/BS

Blood Admin/IV Pumps: Satisfactory completion of practice with blood administration safety checks and quality assurance audit. Great job with IV pump practice, the use of the medication library, and pump set up of primary and secondary IV medication infusion. AR

Central Line Dressing Change: Satisfactory central line dressing change participation providing proper technique guidelines, maintenance of central line ports, and line flushing. FB

Ports/Blood Draw: You were satisfactory in accessing and de-accessing an infusaport device, demonstrated proper technique on how to draw blood from a CVAD, and properly labeled a blood tube per hospital policy. Great job! CB

Head to Toe Assessment: Satisfactory completion of the Head to Toe Assessment. Great job! LB/BS

*End-of- Program Student Learning Outcomes

ECG/Telemetry Placements/Hand-off report/CT: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial; satisfactory completion of handoff report activity. BL/BS

Pathophysiology Grading Rubric
