Abilities of mine include beginning ECG interpretation skills, wound dressing changes, intravenous access initiation, administering medications, patient assessments (rapid and thorough), communication, professionalism, beginning time management skills, and teamwork.

**3. Discuss your experiences with interpersonal relationships – faculty and staff, patients and their families, and members of the healthcare team throughout the nursing program:**

Interpersonal relationships for me started with a few friends I had made prior to starting the FRMC School of Nursing program almost two years ago, now I have growing to be friends with many and formed respectful and foundational relationships with my faculty as well. At the beginning, I was uncomfortable with patients and their families as well as members of the healthcare team such as nurses, physicians, UAPs, etc. Now, although not on the level of acquaintance, but mutual respect. I started working as a UAP in FRMC ER during the first semester of nursing school which helped build my confidence with patients and comfort working with nursing staff.

**4. Participation in activities throughout the program:**

I have participated in the committees of the program such as, Curriculum Committee, Student Senate, and Student Welfare. I have also volunteered for multiple functions such as the ability works spaghetti dinner and I have donated feminine products and undergarments for the homeless through the school.

**5. Explain at least 2 professional goals you would like to achieve during your nursing career:**

Two professional goals I would like to achieve include graduating with my Bachelor of Science in nursing, get a masters in either nursing education and teach or as a nurse practitioner and work

in either psychiatric units or in family practice. I want to work on the floor for a few years as a nurse and possibly a charge nurse while I continue my education.
