

EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2024

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Final Grade: Satisfactory/Unsatisfactory

Semester: Spring

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN
Chandra Barnes, MSN, RN; Brian Seitz, MSN, RN, CNE
Brittany Lombardi, MSN, RN, CNE

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

Clinical Assignments
Completion of Patient Care
Meditech Documentation
Observation of Clinical Performance
Evaluation of Clinical Performance Tool
Onsite Clinical Debriefing
Clinical Discussion Rubric
Preceptor Feedback
Nursing Care Map Rubric
Skills Lab Checklists/Competency Tool
Lasater Clinical Judgment Rubric
Virtual Simulation scenarios
Pathophysiology Grading Rubric
SBAR/Physician Orders Rubric
Hand-Off Report Competency Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
CB	Chandra Barnes, MSN, RN		
FB	Fran Brennan, MSN, RN		
BL	Brittany Lombardi, MSN, RN, CNE		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN, CNE		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA	NA	NA	S	S	S												
a. Manage complex patient care situations with evidence of preparation and organization. (Responding)																		
b. Assess comprehensively as indicated by patient needs and circumstances. (Noticing)	NA	S	S	S	S	S												
c. Evaluate patient's response to nursing interventions. (Reflecting)	S	S	S	S	S	S												
d. Interpret cardiac rhythm; determine rate and measurements. (Interpreting)	NA	NA	NA	S	S	S												
e. Administer medications observing the six rights of medication administration. (Responding)	NA	NA	NA	S	S	S												
f. Perform venipuncture skill with beginning dexterity and evidence of preparation. (Responding)	S	S	S	S NA	NA	NA												
g. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc. (Responding)	NA	NA	NA	S	S	S												
Faculty Initials	AR	AR	AR	CB	BL													
Clinical Location	DH	SP	CD, QC, IS	4C	4P	4C												

Comments:

Week 2 (1f)- Great job with several successful IV attempts, appropriate technique was demonstrated. FB

Week 3 (1b,c,f)- Satisfactory Special Procedures clinical and with discussion via CDG posting. Preceptor comments: "Satisfactory in all areas, except Excellent in 'actively engaged in the clinical experience'. IV starts, lab draws, observed angio/fistula procedures and paracentesis". Great job! AR

*End-of- Program Student Learning Outcomes

Week 4 (1b,c)- Satisfactory during Cardiac Diagnostics and Infusion Center clinical experiences and with discussion postings. Preceptor comments: Cardiac Diagnostics- “Excellent in all areas. Sela was a big help with the multiple cardioversions in the cardiac department today.”; Infusion Center- “Excellent in all areas. Primed IV tubing, D’cd IV’s, witnessed Remicade administered, and multiple dressing changes. Student asked lots of questions.” Keep up the great work! AR
Week 5(1a,b,c,e): Great job this week managing complex care situations. You did a great job being prepared for clinical, and ensuring that your assessments were detailed and thorough. You were able to implement interventions related to your assessment findings, and evaluate your patient’s response to those interventions. You did a great job administering medications to your patient this week (IV, IV push, and PO via an OG), following the six rights of medication administration.

Week 6-1(a-e, g) Excellent job this week managing complex patient care situations. Your care was very well organized, and you did a great job with your time management. All head to toe assessments were very thorough and well done. Your medication passes were safely done following the six rights. Great job monitoring your patient closely to ensure positive patient outcomes. BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	NA	NA	S	S	S	S												
a. Correlate relationships among disease process, patient's history, patient symptoms, and present condition utilizing clinical judgment skills. (Noticing, Interpreting, Responding)	NA	NA	S	S	S	S												
b. Monitor for potential risks and anticipate possible early complications. (Noticing, Interpreting, Responding)	NA	NA	S	S	S	S												
c. Recognize changes in patient status and take appropriate action. (Noticing, Interpreting, Responding)	NA	NA	S	S	S	S												
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (Noticing, Interpreting, Responding, Reflecting) *	NA	NA	NA	S	NA S	S												
e. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care. (Responding)	S	S	S	S	S	S												
Faculty Initials	AR	AR	AR	CB	BL													

***When completing the 4T Care Map CDG refer to the Care Map Rubric**

Comments:

Week 5(2a,b,d,e): Great job this week formulating a care map related to your patient. You were able to notice abnormal assessment findings to interpret your patient's priority problem, and recognize potential complications related to that problem. You were Satisfactory on your care map, please see the grading rubric below. You did a great job participating in debriefing about cultural diversity and racial inequalities that were related to your patient. CB

Week 6-2(a) Excellent job utilizing your clinical judgment skills to correlate relationships among your patient's disease process, history, symptoms, and present condition. Please refer to the Pathophysiology Grading Rubric for my feedback. 2(e) Great job this week in debriefing discussing social determinants of health that may have impacted your patient's health, well-being, and quality of life. BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective																		
3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*																		
Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	S	S	S	S	S												
a. Critique communication barriers among team members. (Interpreting)																		
b. Participate in QI, core measures, monitoring standards and documentation. (Interpreting & Responding)	NA	NA	S	S	S	S												
c. Discuss strategies to achieve fiscal responsibility in clinical practice. (Responding)	S	S	S	S	S	S												
d. Clarify roles & accountability of team members related to delegation. (Noticing)	NA	NA	NA	S	S	S												
e. Determine the priority patient from assigned patient population. (Interpreting) (Patient Mgmt.)	NA	NA	NA	NA	NA	NA												
Faculty Initials	AR	AR	AR	CB	BL													

Comments:

Week 4 (3b,c)- Satisfactory during Quality/Core Measures observation and with discussion via CDG posting, along with satisfactory discussion related to Infusion Center clinical. Keep it up! AR

Week 5(3c): Great job this week actively participating in debriefing, discussing different strategies to achieve fiscal responsibility in the clinical setting. CB

Week 6-3(a) Excellent job in debriefing critiquing and discussing communication barriers you witnessed among team members while caring for your patient this week. BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5,7)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	S	S	S	S	S												
a. Critique examples of legal or ethical issues observed in the clinical setting. (Interpreting)																		
b. Engage with patients and families to make autonomous decisions regarding healthcare. (Responding)	NA	NA	NA	S	S	S												
c. Exhibit professional behavior in appearance, responsibility, integrity and respect. (Responding)	S	S	S	S	S	S												
Faculty Initials	AR	AR	AR	CB	BL													

Objective 4a: Provide a comment for the highlighted competency each week. If no clinical experiences, put "NA" for that week.

Comments:

Week 2 4a.: An ethical issue that was observed in the clinical setting was that some of the patients were not able to get a colonoscopy done as frequently as requested by their HCP due to their insurance not covering as much of the procedure as they have had in the past. **Great example! AR**

Week 3 4a.: A legal issue that was observed was although the patient was an adult, they had a legal guardian and in order for them to get their procedure done, we had to get consent over the phone to allow them to go forward with the procedure. **This is a perfect example! AR**

Week 4 4a.: A legal issue that was talked about was a patient who had difficulty breathing and SOB and continued to decline, the nurse called the physician and they did not answer, an hour and a half later, the patient coded since the nurse did not call a MET or contact the charge nurse of the situation. **Great example of what "not" to do! Thank you. AR**

Week 5 4a.: A legal issue that occurred was when the patient became agitated and fighting back with the nursing staff, and security had to get involved to make sure no one got hurt. **This is a great example of a legal issue. Unfortunately, sometimes in the clinical setting there are things that happen when you have to ensure everyone's safety and get security involved. CB**

Week 6 4a.: A legal issue that occurred was with a patient who wanted to have a copy of the EKG strip that we had just conducted on her per the doctor's orders, but with the EKG, it is not allowed to put in the patient's chart until the doctor analyzes the strip and identifies what it is and signs it. **Sela, this could have been a legal issue if we gave the patient a copy of her EKG. We nicely explained to her that we could not give her a copy of the record, and that she would need to follow the process of contacting medical records or utilizing her patient portal. BL**

Week 7 4a.: An ethical issue that was observed during clinical was making sure that the living will that was on file was being followed and that patient's husband was in agreeance with what her wishes were and not changing them.

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	S	S	S	S	S												
a. Reflect on your overall performance in the clinical area for the week. (Responding)	S	S	S	S	S	S												
b. Demonstrate initiative in seeking new learning opportunities. (Responding)	S	S	S	S	S	S												
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc. (Interpreting)	S	S	S	S	S	S												
d. Maintain the principles of asepsis and standard/infection control precautions (Responding)	S	S	S	S	S	S												
e. Practice use of standardized EBP tools that support safety and quality. (Responding)	S	S	S	S	S	S												
f. Utilize faculty feedback to improve clinical performance. (Responding & Reflecting)	S	S	S	S	S	S												
Faculty Initials	AR	AR	AR	CB	BL													

Comments:

Week 4 (5c)- Satisfactory discussion via CDG posting related to your Quality/Core Measures observation. AR

Week 5(5c,e): Good job actively participating in debriefing discussing factors that create a culture of safety for patients and EBP tools that you utilized to care for your patient's during clinical. CB

Week 6-5(b) Sela, you do an excellent job working independently and taking initiative in completing nursing interventions for your patient. You are very organized and consistently well prepared. You took excellent care of your patient this week. BL

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

*End-of- Program Student Learning Outcomes

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	S	S	S	S	S												
a. Establish collaborative partnerships with patients, families, and coworkers. (Responding)																		
b. Teach patients and families based on readiness to learn and discharge learning needs. (Interpreting & Responding)	NA	NA	NA	S	S	S												
c. Collaborate and communicate with members of the healthcare team, patients, and families to achieve optimal patient outcomes. (Responding)	S	S	S	S	S	S												
d. Deliver effective and concise hand-off reports. (Responding)	NA	NA	NA	S	S	S												
e. Document interventions and medication administration correctly in the electronic medical record. (Responding)	NA	NA	NA	S	S	S												
f. Consistently and appropriately posts in clinical discussion groups. (Responding and Reflecting)	NA	S	S	S	S	S												
Faculty Initials	AR	AR	AR	CB	BL													

Comments:

Week 3 (6f)- Great job with your CDG posting related to your Special Procedures clinical experience. Keep up the great work! AR

Week 4 (6c,f)- Satisfactory CDG postings related to your clinical and observation experiences this week! Keep up the great work! AR

Week 5(a,c,d,e,f): Great job this week collaborating with peers and bedside nurses to achieve optimal patient outcomes. Good job with your documentation this week, it was very detailed and completed on time. Great job with your hand-off report, you scored 30/30 per the hand-off report grading rubric, the only suggestion I would have moving forward is to slow down while giving report. I know you had a lot of information to get through, but sometimes it's hard to follow along for some when you are speaking fast. Your CDG was Satisfactory, meeting all requirements. CB

Week 6-6(a,b,c) Excellent job in debriefing discussing these competencies, as well as applying them to practice during your clinical experience this week. 6(e) Excellent job with all your documentation this week in clinical. Your documentation was done in a timely manner and accurate. You also did a great job taking my feedback on Tuesday and applying it to all your documentation on Wednesday. 6(f) Satisfactory completion of your CDG this week. Keep up the great work! BL

*End-of- Program Student Learning Outcomes

Objective																		
7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery. (1,3,4,6,7,8)*																		
Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
Competencies:	S	S	S	S	S	S												
a. Value the need for continuous improvement in clinical practice based on evidence. (Responding)																		
b. Accountable for investigating evidence-based practice to improve patient outcomes. (Responding)	S	S	S	S	S	S												
c. Comply with the FRMCSN “ <i>Student Code of Conduct Policy.</i> ” (Responding)	S	S	S	S	S	S												
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE”- attitude, commitment, and enthusiasm during all clinical interactions. (Responding)	S	S	S	S	S	S												
Faculty Initials	AR	AR	AR	CB	BL													

Comments:

Week 4 (7a)- Satisfactory CDG posting related to your Quality/Core Measures observation. AR

Week 5(7d)- Great job displaying a commitment to provide optimal care and enthusiasm for the caring of individuals at very vulnerable and often difficult times. CB

Week 6-7(d) Sela, you consistently demonstrate all the qualities of "ACE." Keep up all your hard work. You will be an excellent RN! BL

Care Map Evaluation Tool**
AMSN
2024

Date	Nursing Priority Problem	Evaluation & Instructor Initials	Remediation & Instructor Initials
2/6-7/2024	Impaired Gas Exchange	S/CB	NA

** AMSN students are required to submit one satisfactory care map (CDG) during the 3-week 4T clinical rotation. If the care map is not evaluated as satisfactory upon initial submission, the student has one opportunity to revise the care map based on instructor feedback.

Comments:

Firelands Regional Medical Center School of Nursing
Care Map Grading Rubric
AMSN
2024

Student Name: Sela Berry				Course Objective: Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment.			
Date or Clinical Week: 2/6-7/2024							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)	3	Great job noticing all abnormal assessment and lab/diagnostic testing for your patient. You provided specific patient data related to these findings. You also included all risk factors relevant for your patient. I would suggest including coarse lung sounds and adding the three cultures that were pending but showed no growth X1 day.
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)	3	
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)	3	
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	Great job listing all nursing priority problems related to your patient, I would suggest adding acute alcohol/substance abuse withdrawal. You highlighted appropriate abnormal findings and risk factors, the only suggestion I would have is to highlight the temperature. You listed potential complications related to your priority problem and s/sx.
	5. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	6. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)	3	
	7. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)	3	

*End-of- Program Student Learning Outcomes

Responding	8. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	Great job with specific, prioritized, individualized interventions for your patient that included a frequency and rationale. The only suggestion I have for this would be to include an intervention to assess lung sounds and administer sedative medication.
	9. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	10. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	11. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	12. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
Reflecting	13. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete	3	Good job reflecting on all of the highlighted findings in the first two boxes of the care map. You also included to continue the plan of care.
	14. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete	3	
Total Possible Points= 42 points 42-33 points = Satisfactory 32-21 points = Needs Improvement* < 21 points = Unsatisfactory* *Total points adding up to less than or equal to 32 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.						Total Points: 42/42	
Faculty/Teaching Assistant Comments: Sela, great job on your care map! You were very thorough and included all appropriate data. CB						Faculty/Teaching Assistant Initials: CB

***Course Objectives**

Comments:

Meditech Documentation: Satisfactory participation of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders/SBAR: Satisfactory completion of physician's order lab per the SBAR skills competency rubric: phone call to physician with SBAR report, receiving and reading back multiple physician orders, and hand-off report given to the next student in rotation. Discussion of the treatment, medications, and plan of care for a patient experiencing NSTEMI and STEMI. CB/BS

Prioritization/Delegation: Satisfactory completion of the prioritization and delegation skills lab. You satisfactorily prioritized care for multiple patients using multiple methods (e.g. Maslow's hierarchy of needs, ABC, Nursing Process, etc.). You were able to appropriately delegate nursing tasks for patients, and you actively participated in the group discussion on delegation of nursing tasks. Great job! BL

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, discussion regarding use of and ventilation with bag-valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

IV Start: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. FB/BL/CB/BS

Blood Admin/IV Pumps: Satisfactory completion of practice with blood administration safety checks and quality assurance audit. Great job with IV pump practice, the use of the medication library, and pump set up of primary and secondary IV medication infusion. AR

Central Line Dressing Change: Satisfactory central line dressing change participation providing proper technique guidelines, maintenance of central line ports, and line flushing. FB

Ports/Blood Draw: You were satisfactory in accessing and de-accessing an infusaport device, demonstrated proper technique on how to draw blood from a CVAD, and properly labeled a blood tube per hospital policy. Great job! CB

Head to Toe Assessment: Satisfactory completion of the Head to Toe Assessment. Great job! LB/BS

*End-of- Program Student Learning Outcomes

ECG/Telemetry Placements/Hand-off report/CT: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial; satisfactory completion of handoff report activity. BL/BS

Pathophysiology Grading Rubric
Firelands Regional Medical Center School of Nursing
Advanced Medical Surgical Nursing
2024

Student Name: Sela Berry

Clinical Date: 2/13/24-2/14/24

1. Provide a description of your patient including current diagnosis and past medical history. (4 points total) - Current Diagnosis (2)-2 - Past Medical History (2)-2	Total Points: 4 Comments: Great job providing a description of your patient's current diagnosis and past medical history.
2. Describe the pathophysiology of your patient's current diagnosis. (6 points total) Pathophysiology-what is happening in the body at the cellular level (6)-6	Total Points: 6 Comments: Excellent job providing a detailed description of the pathophysiology of your patient's current diagnosis (NSTEMI).
3. Correlate the patient's current diagnosis with presenting signs and symptoms. (6 points total) - All patient's signs and symptoms included (2)-2 - Explanation of what signs and symptoms are typically expected with this current diagnosis (Do these differ from what your patient presented with?) (2)-2 - Explanation of how all patient's signs and symptoms correlate with current diagnosis. (2)-2	Total Points: 6 Comments: You did a nice job correlating the patient's current diagnosis with all his presenting signs and symptoms.
4. Correlate the patient's current diagnosis with all related labs. (12 points total) - All patient's relevant lab result values included (3)-3 - Rationale provided for each lab test performed (3)-3 - Explanation provided of what a normal lab result should be in the absence of current diagnosis (3)-3 - Explanation of how each of the patient's relevant lab result values correlate with current diagnosis (3)-3	Total Points: 12 Comments: Excellent job! All relevant labs included with rationales provided. You also did a great job identifying the normal ranges for each lab, as well as explaining how the result correlates with the patient's current diagnosis.
5. Correlate the patient's current diagnosis with all related diagnostic tests. (12 points total) - All patient's relevant diagnostic tests and results included (3)-3 - Rationale provided for each diagnostic test performed (3)-3 - Explanation provided of what a normal diagnostic test result would be in the absence of current diagnosis (3)-3 - Explanation of how each of the patient's relevant diagnostic test results correlate with current diagnosis (3)-3	Total Points: 12 Comments: All patient's relevant diagnostic tests and results included with rationales provided for each. Great job describing what a normal diagnostic test result would be for each, and how the results correlate with the patient's current diagnosis.
6. Correlate the patient's current diagnosis with all related	Total Points: 9

medications. (9 points total) • All related medications included (3)-3 • Rationale provided for the use of each medication (3)-3 • Explanation of how each of the patient's relevant medications correlate with current diagnosis (3)-3	Comments: You did a nice job correlating the patient's current diagnosis with all the related medications.
7. Correlate the patient's current diagnosis with all pertinent past medical history. (4 points total) • All pertinent past medical history included (2)-2 • Explanation of how patient's pertinent past medical history correlates with current diagnosis (2)-2	Total Points: 4 Comments: Great job!
8. Prioritize nursing interventions related to current diagnosis. (6 points total) • All nursing interventions provided for patient prioritized and rationales provided (6)-6	Total Points: 6 Comments: Excellent job with your nursing interventions. One other important intervention that you would have wanted to include would be to monitor the patient's ECG rhythm.
9. Discuss the role of interdisciplinary team members in the care of the patient. (6 points total) • Identifies all interdisciplinary team members currently involved in the care of the patient (2)-2 • Explains how each current interdisciplinary team member contributes to positive patient outcomes (2)-2 • Identifies additional interdisciplinary team members (not involved currently) that should be included in the care of the patient to ensure positive patient outcomes (2)-2	Total Points: 6 Comments: Great job!
Total possible points = 65 51-65 = Satisfactory 33-50 = Needs improvement <32 = Unsatisfactory Course Objective: 2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)* Clinical Competency: 2(a.) Correlate relationships among disease process, patient's history, patient symptoms, and present condition utilizing clinical judgment skills. (Noticing, Interpreting, Responding) *End-of-Program Student Learning Outcomes	Total Points: 65/65 Comments: Satisfactory pathophysiology. Excellent job! BL

Advanced Medical Surgical Nursing- 2024
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
