Firelands Regional Medical Center School of Nursing Faculty Manual

Prior to graduation, senior students will complete the Final Summary of Student's Progress and Development form which is filed and retained in the graduate folder.

NAME OF STUDENT (LAST)	(FIRST)	(MIDDLE)
Brown	Veronica	Rose

1. Describe your outstanding personality characteristics (relevant to nursing) possessed at the completion of the program:

I have learned to be well organized, compassionate, dedicated, disciplined, efficient, flexible, helpful, methodical, observant, punctual, and empathetic.

2. Describe your special interests and abilities in nursing:

Currently, they are critical and emergency care patients, but I also think that being in surgery would be interesting as well.

3. Discuss your experiences with interpersonal relationships – faculty and staff, patients and their families, and members of the healthcare team throughout the nursing program:

My relationship with faculty has been great since the start of the program. I have felt comfortable going to the faculty for anything that I have needed extra help with, and they have been more than willing to respond. The relationships with the members of the healthcare team stayed consistent and professional the first year. However, this year I feel like they were more willing to show me new experiences and allowed me to ask more questions. The relationship with the patients and their families has always been great and I hope that it will remain that way.

4. Participation in activities throughout the program:

I participated in the Socktober drive both years and donated items to the women's shelter. I also sold tickets for the Super Bowl fundraiser this past year.

5. Explain at least 2 professional goals you would like to achieve during your nursing career:

I want to receive my BSN within three years of graduating nursing school and become ACLS certified within two years.

6. List your address at the time of graduation- Include a future address if known:
