

FINAL SUMMARY OF STUDENT'S PROGRESS AND DEVELOPMENT

Firelands Regional Medical Center School of Nursing Faculty Manual

Prior to graduation, senior students will complete the Final Summary of Student's Progress and Development form which is filed and retained in the graduate folder.

NAME OF STUDENT (LAST)	(FIRST)	(MIDDLE)
Sieger	Laurel	Lee

1. Describe your outstanding personality characteristics (relevant to nursing) possessed at the completion of the program:

Conscientiousness, agreeableness, caring, trustworthiness.

2. Describe your special interests and abilities in nursing:

My interests include pediatrics and labor and delivery. I have the ability to remain calm in stressful situations, work through problems to find the best outcome.

3. Discuss your experiences with interpersonal relationships – faculty and staff, patients and their families, and members of the healthcare team throughout the nursing program:

I have developed relationships with multiple members of staff. Some of the relationships started off rough but have blossomed into great mentorships. I have the utmost respect for all of my instructors and appreciate all the help they have been through my journey. With my patients I have always tried to find a way to connect with them and make them feel like they weren't just another patient. If families were around, I would always include them in conversation and answer any questions they had to the best of my ability. The staff I have encountered through this journey have always been helpful and willing to teach and guide me through each clinical. I know I still have so much to learn, and they will continue to teach me even when I become a nurse on the floor.

4. Participation in activities throughout the program:

Being a mom, a student, and employed leaves little free time for outside or school activities. But I did become a historian because I knew if I could do anything I could document the journey that the other students and I have had through this course. I have always tried to be apart of the outings that were put together by my cohort as well.

5. Explain at least 2 professional goals you would like to achieve during your nursing career:

I would like to continue and complete my education with my BSN and I would like to become a NICU nurse.

6. List your address at the time of graduation- Include a future address if known:

106 Sycamore Dr, Norwalk OH, 44857
