Dear [Congressman/Congresswoman Last Name],

I am writing to express my support for H.R. 2663, the "Workplace Violence Prevention for Health Care and Social Service Workers Act." This bill is of utmost importance as it addresses the critical issue of workplace violence in the health care and social service industries, and it is imperative that it receives strong consideration and support in Congress.

As a constituent deeply concerned about the safety and well-being of workers in these sectors, I believe that implementing a comprehensive workplace violence prevention plan is essential. The statistics regarding workplace violence incidents in health care and social service settings are alarming, and it is evident that urgent action is needed to protect employees from such risks.

The provisions outlined in H.R. 2663, including the development of workplace violence prevention plans, incident investigation procedures, training requirements, and anti-retaliation policies, are crucial steps towards creating safer working environments for health care and social service workers. By establishing clear guidelines and standards, this legislation will not only help prevent violent incidents but also ensure appropriate responses and support for affected employees.

Furthermore, I commend the bipartisan efforts of Mr. Courtney, Mr. Scott of Virginia, Mr. Bacon, Ms. Adams, Mr. Fitzpatrick, and Mr. Van Drew in introducing this bill. It demonstrates a commitment to prioritizing the safety and security of workers across the nation.

I urge you to support H.R. 2663 and work towards its swift passage in Congress. By doing so, you will be advocating for the protection of countless individuals who dedicate their careers to caring for others. Please keep me informed of any developments regarding this important legislation, and thank you for your attention to this matter.

Sincerely,

[Your Name]
